Battles of Destiny 2-in-1 Vol. 4 Al Lacy, 2009-10-07 Dramatic Tales of Love and Civil War The Battles of Destiny series is now available in four attractive two in one volumes Bestselling author Al Lacy packs each dramatic novel in the popular historical fiction series with heartwarming romance and solid moral values Set during the Civil War these are the tales of families soldiers nurses and spies as they contend with the deadly threats posed by war and the eternal hope that springs from love Fast moving and historically accurate these stories appeal to men and women who enjoy a trip back in time Now longtime and new Lacy fans can purchase the entire Battles of Destiny classics and enjoy hours of endless reading pleasure The Civil War Wings of the Wind Battle of Antietam Early in his life tragedy and hardship caused young Hunter McGuire to lose everyone he loved his parents his little sister his best friend Years later Dr Hunter McGuire grieves once again after being separated from the young nursing student who has stolen his heart This time however a tender reunion takes place after Jodie returns unexpectedly and helps Hunter tend the wounded at the battle of Antietam Yet their struggles have just begun for their life together is threatened by more than they realize And only One can save their love the God who walks on the wings of the wind Turn of Glory Battle of Chancellorsville Confederate Major Rance Dayton is wounded on the battlefield and fears he will die until four friends risk their lives to save him The courageous four are honored and live as heroes until in the confusion and darkness of a nighttime battle an unthinkable tragic accident changes their lives forever The four so recently renowned as heroes are now despised and hounded as miscreants and soon they desert the army and head west to live as outlaws It is there that Rance a newly commissioned U S Marshal meets the four again this time in very different circumstances but with the knowledge that he owes them his life Story Behind the Book While studying American history in high school I was struck with a strange fascination for the Civil War That fascination grew stronger when I studied it again in college and I've visited many of the sites where the battles took place When I visited the Appomattox Court House in Virginia where General Robert E Lee signed the documents of surrender before General Ulysses S Grant I was struck with the thought of creating a series of novels based upon specific battles in the Civil War I wanted to mold fictional characters with real ones and fill the stories with romance suspense intrigue and the excitement of battle That's how the Battles of Destiny series came to be Al Lacy

The Doctor Rowena Halley Series Books 1-4 Sid Stark, 2022-02-19 They say knowledge is power For newly minted PhD Rowena Halley all her book learning isn't enough to keep her safe She'll have to rely on her Moscow honed street smarts instead Get the first four books in the Doctor Rowena Halley series and three bonus companion novellas in one boxed set Brilliantly written and highly entertaining a must read The Prairies Book Review A charming blend of academic inspection and social commentary that weaves an engrossing personal perspective into a blend of social observation and evolving romance D Donovan Senior Reviewer Midwest Book Review Meet Rowena Halley a former human rights activist turned academic Rowena thought teaching on US college campuses would be a lot safer than interviewing

torture victims in Russia Boy was she wrong Rowena quickly gets caught up in campus intrigue that threatens to turn deadly Meanwhile the life and lover she thought she'd left behind in Moscow might not be so firmly back in the past as she'd believed Written by a Russian professor with extensive insider knowledge of the topic these books take a deep dive into the dark underbelly of American higher education Serious and satirical in turn they combine mystery dark humor and a touch of romance in a searingly funny examination of contemporary American and Russian society Content warning These books contain adult language and have the one star reviews to prove it Worse than that they have been accused of peddling philosophy and political science You've been warned Foreign Exchange bonus novella Rowena travels to Moscow to spend the holidays with her fiancé opposition journalist Dima Kuznetsov But a story he's investigating takes a potentially deadly turn for their love and maybe for their lives Campus Confidential Newly single and fresh from her dissertation defense Rowena starts her first faculty job She was expecting poor treatment and lousy pay Murder seems a bit much Permanent Position The good news Rowena has a new job and maybe even a new boyfriend The bad news the job pays starvation wages and the boyfriend is three states away Oh and Dima seems to want to be back in her life if his death wish doesn't get him first But it's when Rowena gets sucked into a nasty domestic dispute between a student and his mail order Belarusian bride that things get really dangerous Summer Session Rowena is looking forward to a fun interlude with American boyfriend Alex while teaching an intensive summer program But their weekend getaway is interrupted when a student goes missing Oh yeah and Dima seems ever more determined to stay in the picture Summer Break bonus novella Dima has spent the last year and a half in the comparative safety of the war zone in the Donbass But now his past is catching up with him A life or death confrontation might force him to rethink everything Trigger Warning Rowena is starting a new job that almost pays a living wage But when a prominent female gamer and feminist activist is targeted by a student men's rights organization Rowena gets drawn into a potentially deadly stew of toxic misogyny and heartbreak Winter Break bonus novella When the commander of a separatist battalion in the Donbass makes Dima an offer he can't refuse he finds himself one step closer to finding out who's behind the hit that's been put out on him But if he gets too close he might not survive long enough for it to matter
