Blood Jeffrey K. Smith,2010-11 The tumultuous decade of the 1960s began with promise and hope when John F Kennedy JFK became the youngest elected President in American history Kennedy s New Frontier promised youthful and dynamic leadership heading into the latter half of the century A thousand days into the Kennedy presidency an assassin s bullets shattered the dreams of an idealistic generation After the Kennedy assassination Vice President Lyndon Johnson LBJ was catapulted into the Oval Office much to the chagrin of JFK s younger brother Attorney General Robert Kennedy His idyllic life disrupted by fate RFK viewed Johnson as a petty interloper who had seized JFK s rightful place in history Ever fearful that Robert Kennedy would attempt to regain the presidential throne LBJ s paranoia ultimately compromised his judgment and contributed to his downfall *Bad Blood* Lyndon B Johnson Robert F Kennedy and the Tumultuous 1960s chronicles the personal and political feud between two powerful and controversial twentieth century icons **Bad Blood** Arne

Dahl,2013-08-13 In Arne Dahl s riveting follow up to *Misterioso* the Intercrime team is assigned the task of tracking down an American serial killer on the loose in Sweden quietly and as quickly as possible When a Swedish literary critic is found tortured to death in a janitor s closet at Newark International Airport the police realize that the murderer made off with the

victim's ticket and boarded a flight to Stockholm. Swedish authorities are placed on high alert but the killer manages to slip through the customs dragnet and vanishes into the night. With no clear motive in sight, Detectives Paul Hjelm and Kerstin Holm of Intercrime's A Unit take over the investigation. They learn that the method of torture used was not only a highly specialized means of extracting information secretly developed during the Vietnam War, allowing the victim to whisper but not to scream, but also that it was the modus operandi of an allegedly deceased homicidal maniac known only as the Kentucky Killer. As additional victims are discovered on the outskirts of Stockholm and the terror grows, the team finds itself coming up empty-handed. Hjelm and Holm fly to New York hoping to discover both the killer's identity and the source of his interest in Sweden. What they quickly learn searching through the past is that bad blood always comes back around.

Halo: Bad Blood Matt Forbeck, 2018-06-26. An original full-length novel set in the Halo universe and based on the New York Times bestselling video game series. Just hours following their climactic battle on the Forerunner planet Genesis, the Spartans of Blue Team and Fireteam Osiris find themselves running for their lives from the malevolent machinations of the now renegade artificial intelligence Cortana. But even as they attempt to stay one step ahead, trouble seems to find Spartan Edward Buck, no matter where he turns. A secret mission enacted by the Office of Naval Intelligence could possibly help turn the tide and has Buck reluctantly agreeing to reform his old team, Alpha Nine. Because if the band is really getting back together for this one, that means everybody, including the Spartan who Buck never wants to see again, the one who committed the ultimate betrayal of trust.

Bad Blood Robert Barr Smith, 2014-10-07. Nefarious gangs made up of families are famous in the Old West: the James Brothers, the Dalton Gang. This book includes the well-known and the more obscure gangs connected through blood ties.

Bad Blood Angela Marsons, 2023-11-15. The victim is lying under the trees, arms lifted above his head, unnaturally still. His muscles are slack, his eyes are empty. There are no signs of life. But he is not quite dead. When Detective Kim Stone races to the crime scene, there is no body waiting for her; the paramedics are desperately trying to save the victim's life. But there was something very strange about the way the man was found: his arms raised above his head, his legs spread apart. When he dies on the way to the hospital, Kim is certain she's on the hunt for a killer, but all evidence at the scene has been destroyed. The dead man, Eric Gould, seems ordinary until the team digs into his past. As a teenager, he was locked away for attacking his girlfriend, and Kim suspects he was hurting his fiancé now. Was someone trying to stop history repeating? Then another man is found on the verge of death, his bones broken to force him into an unnatural shape. The team realizes the killer is sending a message: the victims' bodies are spelling out their sins. As boys, they were both part of a group of six who bragged about their terrible crimes. But they were children then, and when she sees the grief on the faces of their loved ones now, Kim swears to find answers. Is someone finally getting revenge, or do they think these men are still dangerous? The killer is threatening to strike again, and the only way Kim can crack the case is by tracking down the rest of the six first. But then a revelation about what one of her team is suffering makes Kim understand why people take the law into their own hands. Do these victims
