Media and Mapping Practices in the Middle East and North Africa Alena Strohmaier, Angela Krewani, 2025-10-01 A few months into the popular uprisings in the Middle East and North Africa MENA region in 2009 10 the promises of social media including its ability to influence a participatory governance model grassroots civic engagement new social dynamics inclusive societies and new opportunities for businesses and entrepreneurs became more evident than ever Simultaneously cartography received new considerable interest as it merged with social media platforms In an attempt to rearticulate the relationship between media and mapping practices whilst also addressing new and social media this interdisciplinary book abides by one relatively clear point space is a media product The overall focus of this book is accordingly not so much on the role of new technologies and social networks as it is on how media and mapping practices expand the very notion of cultural engagement political activism popular protest and social participation

Sociofobia César Rendueles, 2017-10-03 Ap s o fracasso da utopia neoliberal

o grande consenso ideológico do nosso tempo a capacidade das tecnologias da comunicação induzirem dinâmicas sociais positivas. A economia do conhecimento considerada de forma unânime como solução para a deterioração especulativa dos mercados, as redes sociais só o remédio para a fragilização de nossa vida não made e globalizada a cibercultural aspira a regenerar nossas democracias exaustas. Gostamos de imaginar a internet como uma espécie de ortopedia tecnológica capaz de transformar os dilemas práticos herdados da modernidade à sua virtual supera. Sociofobia questiona em primeiro lugar esse dogma ciberfetichista. A ideologia da rede vem gerando uma realidade social diminuída não aumentada. Simplesmente tem rebaixado nossas expectativas quanto ao que cabe esperar da intervenção política ou das relações pessoais. Por isso Sociofobia realiza em segundo lugar uma ambiciosa reavaliação crítica das tradições políticas antagonistas para pensar o pós-capitalismo como um projeto factível próximo e amigável.
