No Minor Accomplishment Bob

Golon, 2008-02-22 America s pastime has roots in New Jersey dating back to 1846 when the first baseball game using modern rules was played on Elysian Fields in Hoboken The sport thrived throughout the state until the 1950s when fans began to turn away from local competition preferring to watch games broadcast on television to take a trip to see a major league team in New York or to frequent newly air conditioned movie theaters or bowling alleys By the early 1990s however a growing disenchantment with the high ticket prices and corporate atmosphere of Major League Baseball led to the revival of a purer form of the sport in the Garden State In No Minor Accomplishment sports historian and New Jersey native Bob Golon tells the story of the state s baseball scene since the Trenton Thunder arrived in 1994 Drawing on interviews with team owners and employees industry executives and fans Golon goes behind the scenes to show how maintaining a minor league ball club

can be a risky business venture Stadiums cost millions to build and a team full of talented players does not immediately guarantee success Instead each of the eight minor league and independent professional teams in the state must tailor themselves to the communities in which they are situated Shrewd marketing is necessary to attract fans but Golon also explains how unlike Major League Baseball the business aspect of the minor and independent leagues is not something the average spectator notices For the fans baseball in New Jersey is wholesome exciting family entertainment Nothin' But Blue Skies Edward McClelland,Ted McClelland,2013-05-21 Looks at the boom and bust of America's upper Midwest and Great Lakes region tracing its role as a leader in manufacturing the forces that shaped it and the innovations and industrial fallouts that brought about its downfall **Natural Prophets** Joe Dobrow,2014-02-18 From a handful of idealistic farmers and local co ops in the 1960s to the domination of juggernauts like Whole Foods the wild success of the natural and organic foods industry proves that principled business is not just possible but profitable With nearly unfettered double digit annual growth the development of this now 88 billion industry is one of the most remarkable untold stories in American business history Trailblazers like Mo Siegel of Celestial Seasonings Gary Hirshberg of Stonyfield Farms and John Mackey of Whole Foods openly challenged the interests of Big American Agribusiness transformed food manufacturing and retailing and re wrote the playbook for small entrepreneurs Dobrow a 20 year veteran of the natural foods industry who had a front row seat and backstage pass to much of the upheaval and expansion he describes characterizes the radical vision of these natural prophets as one part anti industrial activism one part bold opportunism and one part new era marketing genius The triple bottom line people planet profit emerged as a major new lodestone for successful values based business practices Natural Prophets is a fascinating narrative account of these upstart Davids their failures and their unprecedented successes that distills lessons about management marketing and entrepreneurial growth and offers a lively urgent profile of an industry that continues to change the way we eat the way we live and the way we think about ourselves *DK Eyewitness Travel Guide California* DK Travel,2016-08-02 DK Eyewitness Travel Guide California will lead you straight to the best attractions this state has to offer Discover all the major cities and sights from Los Angeles Southern California and the national parks to San Francisco and the Bay Area to wine country the north and more Experience the culture history architecture wildlife beaches and scenic walks and drives Whether you're exploring historic towns and museums or making the most of the nightlife this in depth guidebook provides the insider travel tips you need Discover DK Eyewitness Travel Guide California Detailed itineraries and don't miss destination highlights at a glance Illustrated cutaway 3 D drawings of important sights Floor plans and guided visitor information for major museums Guided walking tours local drink and dining specialties to try things to do and places to eat drink and shop by area Area maps marked with sights and restaurants Insights into history and culture to help you understand the stories behind the sights Suggested day trips and itineraries to explore beyond the cities and towns Hotel and restaurant listings highlight DK Choice special recommendations With hundreds of full color photographs hand
