A Short Guide to Writing about Biology Jan A. Pechenik, 2024-11-20 For almost four decades A Short Guide to Writing About Biology has been an indispensable resource. Noted biologist Jan Pechenik guides readers in acquiring the skills necessary to become critical thinkers and accomplished writers. Biology is a way of thinking about the world; it is also about communicating information accurately, logically, clearly, honestly, and concisely. The tenth edition outlines all aspects of writing well while also providing readers with procedures for developing strong research questions, logically explaining findings, and supporting claims with evidence. All good writing involves both a struggle for understanding and a struggle to express that understanding. The author delivers sage advice in an accessible, entertaining style to help readers learn to write compelling papers and to enhance their understanding.
