What's the Matter with Meat? Katy Keiffer,2017-05-15 It s been

111 years since the publication of *The Jungle* Upton Sinclair's groundbreaking book on the cattle industry Though improvements in animal welfare have been made since then the industry has evolved to include issues Sinclair could never have foreseen In *What's the Matter with Meat* Katy Keiffer leads readers through a crash course on how this powerful multinational business has been able to generate such a bountiful supply of absurdly cheap animal proteins *What's the Matter with Meat* explores everything from labor issues to genetic manipulation to animal welfare to environmental degradation illustrating just how the industrial model for meat production conjures up huge quantities of cheap meat even as it shifts many of the real costs onto the taxpayer She describes practices few of us know about such as land grabs in which predator companies acquire property in foreign countries for meat production often driving out local farmers She shows how industry consolidation entrenches cost effective but harmful practices creating monopolies that force competitors out of business drive down labor costs erode workers rights and exert extraordinary power over nearby communities Keiffer demonstrates with irrefutable force that the current model for meat production adopted worldwide is simply not sustainable and will soon exhaust the planet's resources A hard hitting critique of the meat industry and its harmful effects this book shows us just how important it is to care about where our food comes from to support alternative production systems and to stop those practices that are ruining our planet in the service of the burger and the nugget **22 Years, 16 Days, 12**

Hours Dugan Henry TSgt Ret, 2023-11-01 No matter how much of a sinner you are no matter how far you drift from His presence no matter how long you stay away He will not forsake you or leave you Meathooked Marta Zaraska, 2016-02-23 One of the great science and health revelations of our time is the danger posed by meat eating Every day it seems we are warned about the harm producing and consuming meat can do to the environment and our bodies Many of us have tried to limit how much meat we consume and many of us have tried to give it up altogether But it is not easy to resist the smoky cured barbecued and fried delights that tempt us What makes us crave animal protein and what makes it so hard to give up And if consuming meat is truly unhealthy for human beings why didn't evolution turn us all into vegetarians in the first place In *Meathooked* science writer Marta Zaraska explores what she calls the meat puzzle our love of meat despite its harmful effects Zaraska takes us on a witty tour of meat cultures around the world stopping in India's unusual steakhouses animal sacrifices at temples in Benin and labs in the Netherlands that grow meat in petri dishes From the power of evolution to the influence of the meat lobby and from our genetic makeup to the traditions of our foremothers she reveals the interplay of forces that keep us hooked on animal protein A book for everyone from the diehard carnivore to the committed vegan *Meathooked* illuminates one of the most enduring features of human civilization ultimately shedding light on why meat eating will continue to shape our bodies and our world into the foreseeable future
