Perspectives in Network Studies Anna Moretti, Lisa Balzarin, 2023-04-26 In line with the multi disciplinary nature of network research this edited volume collects both empirical and conceptual contributions that nurture the debate on network research specifically dealing with the topics of network performance and agency. The contributions draw on different literatures and epistemic approaches and address different levels of analysis both from a static and a dynamic point of view. It will be of great interest to academics and students developing research in the field of network studies. It will also be of interest to scholars of operations management, organization studies, strategy innovation, financial management and business history.

Corporate Governance Optimisation Choirunnisa Arifa, Sardar Islam, 2025-09-18 Corporate Governance Optimisation introduces an innovative approach to addressing some of the most pressing challenges in modern corporate governance. Combining game theory, mechanism design and hedge accounting, this research monograph offers a comprehensive framework for resolving agency conflicts, mitigating financial risks and improving organisational performance. At the heart of this book is an integrated model that unites governance, risk management and hedge accounting, demonstrating how these elements work together to address information asymmetry, incentive misalignment and decision making complexities. Grounded in rigorous research and real life data, the book provides practical insights into how hedge accounting can stabilise financial outcomes, support effective governance and enhance corporate value. Designed for academics, researchers and professionals in accounting, finance and corporate governance, this book bridges theory and practice, offering a robust foundation for understanding and applying advanced governance models. It is particularly valuable for those interested in how mathematical frameworks like game theory can be used to solve real world corporate challenges. While rooted in financial optimisation, the book's findings have broad implications for policy, strategy and risk management in diverse organisational contexts.

Business Innovation and Development in Emerging Economies Irwan Trinugroho, Evan Lau, 2019-05-22 Business Innovation driven by the advancement of technology has dramatically changed the business landscape over recent years, not only in advanced countries but also in emerging markets. It is expected that business innovation could help achieve economic inclusion, which has been a global initiative over the last decade, creating opportunities for all people to benefit from the economic development. These proceedings provide an outlet for discussing the importance of business innovation, especially in emerging countries, in helping to reach inclusive economies. The papers cover the subject areas: management, accounting, finance, economics and social sciences.

Perspectives, Trends, and Applications in Corporate Finance and Accounting Zopounidis, Constantin, Christopoulos, Apostolos G., Kalantonis, Petros, 2018-06-29 Financial analyses, investments and accounting practices are continually developing and improving areas that have seen significant advancements in the past century. However, the recent bankruptcies of major banks, the debt crisis

in the European Union and the economic turmoil in several countries have caused severe downfalls in financial markets and financial systems worldwide. As the world works to recover, it is important to learn from these financial crises to ensure a more secure and sustainable outlook for organizations and the global future. *Perspectives Trends and Applications in Corporate Finance and Accounting* is a crucial resource providing coverage on the stock market, public deficits, investment firms' performances, banking systems, and global economic trends. This publication highlights areas including but not limited to the relationship between the stock market and macroeconomics, earnings management, and pricing models, while also discussing previous financial crises. This book is a vital reference work for accountants, financial experts, investment firms, corporate leaders, researchers, and policy makers.

Global Competitiveness: Business Transformation in the Digital Era Ade Gafar Abdullah, Isma Widiaty, Cep Abdullah, 2019-07-09. The proceedings of the Economics and Business Competitiveness International Conference (EBCICON) provides a selection of papers, either research results or literature reviews, on business transformation in the digital era. Nine major subject areas comprising accounting and governance, customer relations, entrepreneurship, environmental issues, finance and investment, human capital, industrial revolution 4.0, international issues, and operations and supply chain management are presented in the proceedings. These papers will provide new insights into the knowledge and practice of business and economics in the digital era. Therefore, parties involved in business and economics, such as academics, practitioners, business leaders, and others, will be interested in the contents of the proceedings.
