accountability management and business and be beneficial for accounting economics and management professionals seeking to clarify and expand upon their knowledge for effective application Accounting for the Holocaust Warwick Funnell, Michele Bigoni, Erin Twyford, 2024-06-28 Accounting for the Holocaust Enabling the Final Solution reveals how accounting practices allowed the attempted annihilation of Jews by the German Nazis and the Italian Fascists to be carried out with machine like efficiency and devoid of any moral considerations This largely hidden aspect of the Holocaust will allow a wide range of readers both academic and across many sectors of the general population to understand how the systematic murder of more than six million Jews was expedited by accounting practices and the information that these produced by allowing the humanity of those killed to be denied when they became mere numbers in a process Readers will gain a new understanding of how the enactment of the scale of the Holocaust was made possible by the way in which accounting practices as technologies of death were used to reduce Jews to a life without value The numerical calculations techniques and reports that constitute accounting practices allowed the systematic murder of Jews to be drained of any considerations that would imply that the numbers and costings were related to prescient human beings These technologies of death also allowed those who managed and organised the murder of Jews to absolve themselves of the actual killings Research Handbook on Performance Measurement for Management Control Anne M. Lillis, Jennifer Grafton, 2024-11-08 Performance measurement is a critical dimension of management control theory and practice and one of the most widely researched areas of management accounting The Research Handbook on Performance Measurement for Management Control provides the foundation for the next generation of research in management accounting on performance measurement by canvassing the contemporary landscape of performance measurement research and outlining future research opportunities *The Routledge Companion to Qualitative Accounting Research Methods* Zahirul Hoque, Lee D. Parker, Kathryn Haynes, 2017-03-31 Selecting from the wide range of research methodologies remains a dilemma for all scholars not least those looking to study the world of accounting Both established and emerging research methods are frequently advocated creating a challengingly broad range of choices Covering a selection of qualitative methodological issues research strategies and methods this comprehensive compilation provides an essential guide to the choice and execution of qualitative research approaches in this field The contributions are grouped into four sections Worldview and paradigms Methodologies and strategies Data collection methods and analysis Experiencing qualitative field research personal reflections Edited by leading scholars with contributions from experts and rising stars this volume will be essential reading for anyone looking to undertake research in the qualitative accounting field **Reinventing Accounting and Finance Education** Atul Shah, 2017-10-03 There is a growing acknowledgement of the role played by finance theory and experts in the 2008 global banking crash and their ongoing contributions to risks in the financial system Some argue that finance theory is deeply ideological and the academy has been captured and corrupted by financial institutions and conservative journal editors and their unrealistic influence Its

language and terminology have been self referential enabling disciplinary closure but generating widening gaps with reality and lived experience In particular in spite of its deeply cultural and ethical nature finance education has been stripped of any wider discussion of ethics and culture and replaced by a particular neo liberal greed and materialistic ethic In an era of financialisation some have called finance a curse on modernity The devastation this has caused and continues to cause is making the world highly unequal risky and unsustainable Serious and radical reforms are required in the teaching and research of finance This book charts out the possible solutions for such reform
