What emerges is a compelling story of our ever evolving relationship with the mountains and wilderness a story that will fascinate historians outdoor enthusiasts and armchair adventurers alike Recreational Impact on Wildlands ,1979 The Wilderness Debate Rages on Michael P. Nelson,J. Baird Callicott,2008 Ten years ago The Great New Wilderness Debate began a cross disciplinary conversation about the varied constructions of wilderness and the controversies that surround them The Wilderness Debate Rages On will reinvigorate that conversation and usher in a second decade of debate Like its predecessor the book gathers both critiques and defenses of the idea of wilderness from a wide variety of perspectives and voices The Wilderness Debate Rages On includes the best explorations of the concept of the concept of wilderness from the past decade underappreciated essays from the early twentieth century that offer an alternative vision of the concept and importance of wilderness and writings meant to clarify or help us rethink the concept of wilderness Narrative writers such as Wendell Berry Scott Russell Sanders Marilynne Robinson Kathleen Dean Moore and Lynn Maria Laitala are also given a voice in order to show how the wilderness debate is expanding outside the academy The writers represented in the anthology include ecologists environmental philosophers conservation biologists cultural geographers and environmental activists The book begins with little known papers by early twentieth century ecologists advocating the preservation of natural areas for scientific study not as did Thoreau Muir and the early Leopold for purposes of outdoor recreation The editors argue that had these writers influenced the eventual development of federal wilderness policy our national wilderness system would better serve contemporary conservation priorities for representative ecosystems and biodiversity **An Educational Guide to the National Park System** Carol Smallwood,1989 A guide to the unique resources available from 327 national park system facilities *Under the Stars* Dan White,2025-06-25 Wide ranging in research enthusiasm and geography Dan White s *Under the Stars* reveals a vast population of nature seekers a country still in love with its wild places The definitive book on camping in America A passionate witty and deeply engaging examination of why humans venture into the wild Cheryl Strayed author of *Wild* From the Sierras to the Adirondacks and the Everglades Dan White travels the nation to experience firsthand and sometimes face first how the American wilderness transformed from the devil s playground into a source of adventure relaxation and renewal Whether he s camping nude in cougar country being attacked by wildlife while glamping or crashing a girls only adventure for urban teens Dan White seeks to animate the evolution of outdoor recreation In the process he demonstrates how the likes of Emerson Thoreau Roosevelt and Muir along with visionaries such as Adirondack Murray Horace Kephart and Juliette Gordon Low helped blaze a trail from Transcendentalism to Leave No Trace *The Carolinas & the Georgia Coast* Norman Renouf,Kathy Renouf,1999-04 Annotation Charleston Greenville Kiawah Island Hilton Head Myrtle Beach Savannah Tybee Island Augusta Brunswick Asheville Golden Isles Charlotte Beaufort Wilmington Nags Head *The Complete Book of Everyday Christianity* R. Paul Stevens,Robert Banks,2018-12-01 I am thrilled to know that The Complete Book of Everyday Christianity is being relaunched A well worn first edition of this book sits next to my office desk
