Backstage Novel Chapter 7:

Backstage in the Novel Francesca Saggini, 2012-06-07 In *Backstage in the Novel* Francesca Saggini traces the unique interplay between fiction and theater in the eighteenth century through an examination of the work of the English novelist diarist and playwright Frances Burney. Moving beyond the basic identification of affinities between the genres, Saggini establishes a literary cultural context for Burney's work considering the relation between drama, a long-standing tradition, and the still emergent form of the novel. Through close semiotic analysis, intertextual comparison, and cultural contextualization, Saggini highlights the extensive metatextual discourse in Burney's novels, allowing the theater within the novels to surface. Saggini's comparative analysis addresses, among other elements, textual structures, plots, characters, narrative discourse, and reading practices. The author explores the theatrical and spectacular elements that made the eighteenth-century novel a hybrid genre infused with dramatic conventions. She analyzes such conventions in light of contemporary theories of reception and of the role of the reader that underpinned eighteenth-century cultural consumption. In doing so, Saggini contextualizes the typical reader-spectator of Burney's day, one who kept abreast of the latest publications and was able to move effortlessly between high sentimental, dramatic, and low grotesque, comedic cultural forms that intersected on the stage. *Backstage in the Novel* aims to restore to Burney's entire literary corpus the dimensionality that characterized it originally. It is a vivid close-up view of a writer who operated in a society saturated by theater and spectacle and who rendered that dramatic text into narrative. More than a study of Burney or an overview of eighteenth-century literature and theater, this book gives immediacy to an understanding of the broad forces informing and channeled through Burney's life and work. **LEXX Unauthorized: Backstage at the Dark Zone** D.G. Valdrón, 2022-07-01

LEXX Unauthorized The story of Kai, an undead assassin; Zev, a combination of love slave and cluster lizard; Stanley Tweedle, a hapless security guard; and 790, a robot head careening through space together in the LEXX, a planet-destroying biological warship shaped like a dragonfly, stolen from the malevolent Divine Order. LEXX was one of the strangest and most wildly surreal space operas ever conceived, owing as much to Luis Buñuel and Alejandro Jodorowsky as to Star Trek and Star Wars. It was unique and unforgettable, mixing black comedy and absurdism with epic drama and an astonishing visual sense. Featured guest stars for the first season included cult icons Rutger Hauer, Malcolm McDowell, and Tim Curry. *Backstage*, the story of the creation of the series, was even more extraordinary: a tale of regional Atlantic film makers, renegade artists, American corporate takeovers, Canadian cultural nationalism, German entrepreneurs, and new computer-generated imagery technologies intersecting in wildly unpredictable ways to give birth to the show. The product of years of research and dozens of interviews, this is a must-buy for any fan of the show itself or of science-fiction movies, television generally, and an eye-opening insight into film and television production, especially Canadian and international productions. **Performance Anxiety Strategies** Casey McGrath, Karin S. Hendricks, Tawnya D. Smith, 2016-11-08 Music performance anxiety has long

frustrated the artistic community and while tricks and folk remedies abound a comprehensive plan to solve this problem has remained elusive Accomplished violinist Casey McGrath combines her experiences with the research of Karin S Hendricks and Tawnya D Smith to provide a resource guide to the most current solutions and therapies as well as educational applications for both individual and classroom use Divided by area of therapeutic interest Performance Anxiety Strategies presents relevant and noteworthy research and insight into some of the most popular and many lesser known therapies including holistic exposure cognitive behavioral and medicinal treatments Each chapter also features self guided activities and exercises words of wisdom from established performing artists and athletes and suggestions for music teachers as well as first person narratives about the authors personal journeys with music performance anxiety both onstage and in the classroom Including a wealth of offerings and approaches this book is an invaluable resource for anyone who has ever experienced performance anxiety from the aspiring classical musician to the garage band guitarist

1906 - A Novel James Dalessandro, Set during the great San Francisco earthquake and fire, this page-turning historical novel reveals recently uncovered facts that forever change our understanding of what really happened. Narrated by a feisty young reporter, Annalisa Passarelli, the novel paints a vivid picture of the Post-Victorian city from the mansions of Nob Hill to the underbelly of the Barbary Coast to the arrival of tenor Enrico Caruso and the Metropolitan Opera. Central to the story is the ongoing battle fought even as the city burns that pits incompetent and unscrupulous politicians against a coalition of honest police officers, newspaper editors, citizens, and a lone federal prosecutor. James Dalessandro weaves unforgettable characters and actual events into a compelling epic.
