coverage of graduate medical schools making this now even more comprehensive for everyone planning a career in medicine

Becoming a Doctor Matt Green,2009-01 This text provides a clear insight into what a career in medicine entails and explains how to determine if medicine is for you It discusses the various paths open to doctors and describes what life as a medical student involves

Hard Truths Of Being a Doctor Vol2 Dr. Pagalavan Letchumanan,2015-02-02 These books will provide readers a deep insight to the reality of the medical field and healthcare system in Malaysia and the misconceptions of doctors that society has blindly clung to for generations Dr Pagalavan combines his experience with selected articles to illustrate the concerns on the mushrooming of medical schools the quality of medical education and the surplus of doctors in Malaysia and other countries

So You Want to Be a Doctor? David Metcalfe,Harveer Dev,Michael Moazami,2021 Applying to medical school is like asking someone to marry you This might seem like an exaggeration however over your life you will spend more hours working than you will spend awake with your life partner Like marriage being a doctor will change who you are influence where you live and affect what you can do with your life For the right person this can be a wonderful life affirming experience Otherwise divorce from a medical career can be messy painful and upsetting

So You Want to Be a Doctor? Kerry J Breen,2012-01-01 So You Want to Be a Doctor is written specifically for young people who are considering embarking on a medical degree as well as for those already enrolled This essential guide covers Prerequisites for admission into medical school at both undergraduate and graduate entry level What to expect as a qualified doctor in Australia today and what the Australian community expects in its doctors Life as a student from the application selection and interview process to the pressures of study advice on managing stress and distress and where to get help if needed The 18 medical schools in Australia their similarities and differences and particular focus or strengths The Australian health care system and career paths for medical graduates It includes advice about study methods financial support and balancing study with part time work and a social life as well as information that is relevant to specific groups such as Aboriginal and Torres Strait Islander students international students and students with a disability So You Want to Be a Doctor provides all the information a prospective medical student might need to decide on pursuing a career in medicine and to survive and thrive during the course of their study

"Becoming" a Professional Lesley Scanlon,2011-06-27 This book is founded on the idea that becoming is the most useful defining concept for a new professional class whose members understand that development in their working lives is an open ended lifelong process of refinement and learning In a world where being a professional is an increasingly indistinct notion and where better education and technology are challenging professional norms it is imperative that we no longer think in terms of an exclusive Anglo American knowledge rich class of workers Exploring the implications of this insight for professions including nursing teaching social work engineering and the clergy this volume aims to encourage informed debate on what it means to be a professional in this globalised 21st century The book argues that becoming a professional is a lifelong process in which individual professional identities are constructed

through formal education workplace interactions and popular culture The book advocates the ongoingness of developing a professional self throughout one's professional life What emerges is a concept of becoming a professional different from the isolated rugged individualistic approach to traditional professional practice as represented in popular culture It is a book for the reflective professional

Becoming a Physician Jennifer Danek, Marita Danek, 2008-04-21 I have advised countless medical students and applicants over more than two decades and I repeatedly found myself agreeing with the advice given by the Daneks Michael V Drake M D Professor and Associate Dean School of Medicine University of California San Francisco These authors have the experience knowledge and writing skills to lead the lost through the maze of uncertainties of medical schools and beyond Robert H Shapiro Ph D Academic Dean and Provost U S Naval Academy Any student thinking about a career in medicine should have this book Tyrone D Taborn Publisher and Editor in Chief Career Communications Group Inc Here at last is the book that will help you realize your dream of a career in medicine Whether your goal is to work in a busy city hospital ER as a country doctor or in research here you'll find innovative ways to actively plan and tailor your medical school education to meet your specific needs Explore your many options with Straight facts on the medical school admissions process Up to date information on the MCAT Advice on selecting the right medical school The current medical trends and the most attractive specialties

Talk about Careers in Science, 2010-01-01 Non scholae sed vitae discimus we learn for life rather than for school In this Roman saying the ultimate reason for school is recognized as being a preparation for life High school science too is a preparation for life the possible careers students identify and for defining possible future Selves In this book the contributors take one dataset as their object of scholarship informed by discursive psychology Bakhtin and poststructural positions to investigate the particulars of the language used in interviews about possible careers conducted both before and after an internship in a university science laboratory Across this collection some contributors focus on data driven analyses in which the authors present more macro perspectives on the use of language in science career talk whereas others see the data using particular lenses that provide intelligible and fruitful perspectives on what and how students and interviewer talk careers in science Other contributors propose to transform the database into different representations that allows researchers to single out and demonstrate particular dimensions of discourse Thus these contributions roughly fall into three categories that are treated under the sections entitled Discourse Analyses of Career Talk Discursive Lenses and Foci and Innovations in Theory Method and Representation of Career Talk Research

The Engaging World of E-book Books: A Detailed Guide Unveiling the Pros of Kindle Books: A Realm of Convenience and Flexibility E-book books, with their inherent mobility and simplicity of availability, have freed readers from the limitations of hardcopy books.
