

OLD SOLDIERS NE

The Bedford MJ traces its lineage back to the start of the Second World War, and its underlying technology comes from the days before The Beatles were formed. Maybe that's why it's still in service today – and why a small army of demobbed examples are still hard at it in the hands of civilian users. It's not just a great truck for enthusiasts, this one – the MJ is a true workhorse whose flexibility, rugged simplicity and phenomenal off-road performance make it as strong an option as it was when it was brand new
