Behind the Door Mary SanGiovanni, 2018-08-28 Occult specialist Kathy Ryan returns in this thrilling novel of paranormal horror from Mary SanGiovanni the author of *Chills* Some doors should never be opened In the rural town of Zarepath deep in the woods on the border of New Jersey and Pennsylvania stands the Door No one knows where it came from and no one knows where it leads For generations folks have come to the Door seeking solace or forgiveness They deliver a handwritten letter asking for some emotional burden to be lifted sealed with a mixture of wax and their own blood and slide it beneath the Door Three days later their wish is answered for better or worse Kari is a single mother grieving over the suicide of her teenage daughter She made a terrible mistake asking the powers beyond the Door to erase the memories of her lost child And when she opened the Door to retrieve her letter she unleashed every sin secret and spirit ever trapped on the other side Now it falls to occultist Kathy Ryan to seal the door before Zarepath becomes hell on earth Praise for the novels of Mary SanGiovanni A feast of both visceral and existential horror F Paul Wilson on *Thrall* Filled to the brim with mounting terror Gary A Braunbeck on *The Hollower* A fast building high tension ride James A Moore on *The Hollower*

Behind the Door Paul Kropp, 2007-09 12 16 yrs **Deliberation Behind Closed Doors** Daniel Naurin, 2007-12-01 Do transparency and publicity have the power to civilise politics In deliberative democratic theory this is a common claim Publicity it is argued forces actors to switch from market style bargaining to a behaviour more appropriate for the political sphere where the proper way of reaching agreement is by convincing others using public spirited arguments Daniel Naurin has conducted the first comprehensive analysis and test of the theory of publicity's civilising effect The theory is tested on business lobbyists presumably the most market oriented actors in politics acting on different arenas characterised by varying degrees of transparency and publicity Innovative scenario interviews with lobbying consultants in Brussels and in Stockholm are compared and contrasted with a unique sample of previously confidential lobbying letters The results are both disappointing and encouraging to deliberative

democratic theorists While the positive force of publicity seems to be overrated it is found that even behind closed doors business lobbyists must adapt to the norms of the forum
