Advanced Blank Chart Secrets: Destiny Beyond Planets Saket Shah, 2025-09-12 When I began my journey into astrology I was fascinated by the movements of planets their transits dashas and alignments Yet over time I realized something profound even before planets take their seats on the chart the skeleton of destiny already exists The blank chart is not empty it is alive whispering the story of karma waiting to be read This book is the result of years of reflection practice and meditation on that silent framework It is an attempt to show that astrology is not merely about where the planets are but also about the invisible design beneath them Just as a temple has meaning even before a deity is installed so too does the blank chart carry a sacred blueprint before planetary activity begins I must also share a word of humility These teachings are not meant to instill fatalism or fear The blank chart reveals karmic tendencies yes but it is not a prison It is a guide It helps us recognize the
