Beginning The World Again A Novel Of Los Alamos:

Beginning the World Again Roberta Silman, 2015-03-10 After a chance meeting in 1981 Lily Fialka confronts the defining time of her life 1943-45 in Los Alamos when her physicist husband Peter worked on the atomic bomb as part of the Manhattan Project a time of isolation hard work temptation and loneliness yet exhilaration and triumph when great breakthroughs were made but lives felt narrow when loyalty was paramount but the need for secrecy created unbearable tension At the same time Lily and her friends are haunted by what is happening to Dietrich Bonhoeffer in the Resistance in Germany and his story serves as a counterpoint to theirs In a sweeping historical novel that cuts across continents and reveals a deep knowledge of the science of the making of the bomb *Beginning the World Again* offers valuable insights into that fascinating time

Zeroing In on the Year 2000 George E. Marcus, 2000-09-15 Late Editions 8 is the final volume in the annual series devoted to documenting the diverse social and cultural transitions of the fin de siècle just past into the twenty first century Through the innovative use of conversations and interviews this series has ranged over many topics in many places including corporations media science and technology government political culture journalism and social movements always offering access to the points of view and experiences of people engaged in crucial processes of change The book begins with a fascinating at times poignant look back at the inception and progress of the series in which the contributors reflect on how the shifting contexts for the production and reception of the series has been a reliable barometer of the profound ways in which traditional forms of knowledge about society are changing Then appropriate to the end of the century and of the series the focus turns to pieces that deal with social phenomena that evoke the value of zero They explore the idea of a zero state as it relates to artificial intelligence euthanasia cryonics money and the disappearing idea of society itself in the discourse of contemporary politics Far from being the loss of meaning the consideration of zero entails the proliferation of meaning in the face of voids absences and ultimately of puzzles like the contemplation of death in life In this way so many of the fin de siècle conditions that have been documented in this series have exemplified precisely this quest for meaning at or near zero points of change of ends and beginnings in social life

Contemporary Jewish-American Novelists Joel Shatzky, Michael Taub, 1997-07-16 Since World War II Jewish American novelists have significantly contributed to the world of literature This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definition of Jewish religious and cultural traditions Art Spiegelman whose controversial *Maus* established a new genre by combining elements of the comic book and the

conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist s critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources of information Since World War II Jewish American novelists have made numerous significant contributions to contemporary literature Authors of earlier generations would frequently write about the troubles and successes of Jewish immigrants to America and their works would reflect the world of European Jewish culture But like other immigrant groups Jewish Americans have become increasingly assimilated into mainstream American culture Many feel the loss of their heritage and long for something to replace the lost values of the old world This reference book includes alphabetically arranged entries for more than 75 Jewish American novelists whose major works were largely written after World War II Included are entries for both well known and relatively obscure novelists many of whom are just becoming established as significant literary figures While the volume profiles major canonical figures such as Saul Bellow Norman Mailer and Bernard Malamud it also aims to be more inclusive than other works on contemporary Jewish American writers Thus there are entries for gay and lesbian novelists such as Lev Raphael and Judith Katz whose works challenge the more orthodox definitions of Jewish religious and cultural traditions Art Spiegelman whose controversial *MAUS* established a new genre by combining elements of the comic book and the conventional novel and newcomers such as Steve Stern and Max Apple who have become more prominent within the last decade Each entry includes a brief biography a discussion of major works and themes an overview of the novelist s critical reception and a bibliography of primary and secondary sources A thoughtful introduction summarizes Jewish American fiction after World War II and a selected general bibliography lists additional sources for information

Dirty Wars John Beck, 2009-12-01 Since World War II the American West has become the nation s military arsenal proving ground and disposal site Through a wide ranging discussion of recent literature produced in and about the West *Dirty Wars* explores how the region s iconic landscapes invested with myths of national virtue have obscured the West s crucial role in a post World War II age of permanent war In readings of western particularly southwestern literature John Beck provides a historically informed account of how the military industrial economy established to protect the United States after Pearl Harbor has instead produced western waste lands and waste populations as the enemies and collateral casualties of a permanent state of emergency Beck offers new readings of writers such as

Cormac McCarthy Leslie Marmon Silko Don DeLillo Rebecca Solnit Julie Otsuka and Terry Tempest Williams He also draws on a variety of sources in history political theory philosophy environmental studies and other fields Throughout Dirty Wars he identifies resonances between different experiences and representations of the West that allow us to think about internment policies the manufacture of atomic weapons the culture of Cold War security border policing and toxic pollution as part of a broader program of a sustained and invasive management of western space The New York Times Book Review ,1990-10 Presents extended reviews of noteworthy books short reviews essays and articles on topics and trends in publishing literature culture and the arts Includes lists of best sellers hardcover and paperback **Beginning the World Again** Roberta Silman,1990 FICTION GENERAL **American Cities in Post-Apocalyptic Science Fiction** Robert Yeates,2021-11-15 Visions of the American city in post apocalyptic ruin permeate literary and popular fiction across print visual audio and digital media American Cities in Post Apocalyptic Science Fiction explores the prevalence of these representations in American culture drawing from a wide range of primary and critical works from the early twentieth century to today Beginning with science fiction in literary magazines before taking in radio dramas film video games and expansive transmedia franchises Robert Yeates argues that post apocalyptic representations of the American city are uniquely suited for explorations of contemporary urban issues Examining how the post apocalyptic American city has been repeatedly adapted and repurposed to new and developing media over the last century this book reveals that the content and form of such texts work together to create vivid and immersive fictional spaces in ways that would otherwise not be possible Chapters present media specific analyses of these texts situating them within their historical contexts and the broader history of representations of urban ruins in American fiction Original in its scope and cross media approach American Cities in Post Apocalyptic Science Fiction both illuminates little studied texts and provides provocative new readings of familiar works such as Blade Runner and The Walking Dead placing them within the larger historical context of imaginings of the American city in ruins Land of Enchantment, Land of Conflict David L. Caffey,1999 In Land of Enchantment Land of Conflict David L Caffey identifies patterns in the observations of fiction writers concerning relations among cultural groups attitudes toward the law the erosion of individual freedom and the social effects of weather and climate Caffey also explores variations in historical and literary portrayals of famous New Mexicans and examines various myths concerning the frontier West and its heroes
