Being and Becoming Franklyn Sills, 2008-09-23 Being and Becoming is a wide ranging analysis of the nature of being and selfhood The book presents an original integrated paradigm with the aim of creating a comprehensive overview of the human condition and finding ways to alleviate suffering In essence the book explores the question What does it mean to be Being and Becoming begins with fresh interpretations of the work of Martin Heidegger and Buddhist Taoist and Christian writings as they relate to this question Most of Being and Becoming however is about the nature of self and selfhood as a process of I am this my becoming rather than my being Author Franklyn Sills interweaves concepts from object relations theories psychodynamics pre and perinatal psychology and Buddhist self psychology along with his own rich experience as a Buddhist monk somatic therapist and psychotherapist into his inquiry The works of Fairbairn and Winnicott are discussed in depth as are Winnicott and Stern s insights into the nature of the early holding environment the infant mother relational field and early perceptual dynamics A thoughtful guide for psychologists therapists counselors and other health professionals the book is also ideal for Buddhists and anyone looking for alternative therapy models *The Alchemy of Becoming* Diane Fulford, Karen Diguier, 2023-09-26 This is a book to be experienced not simply read The Alchemy of Becoming series sets out a methodology that empowers you to raise your level of consciousness to levels never imagined possible The first book and level of this process Being of Truth laid a foundation of authenticity and personal truth In this second installment Being of Love the journey continues as you discover that love is not just a feeling or emotion but rather a powerful life enhancing and life creating force Level 1 reframed fear to trust In Level 2 love is claimed over and beyond fear This is transformation Not just inspiration but transformation to a state of higher consciousness available to us all Einstein claimed that no problem can be solved from the same level of consciousness that created it It is only in higher consciousness that the intractable issues of our times can be addressed This applies equally to our individual lives be it our health relationships and to our sense of worth and well being Higher consciousness takes you from life happening to you to life happening by you and expressed as you The seven stage alchemic process is the framework for transformation and while the process is universal no two people will have the same experience The experience is personalized to you meaning that it is aligned to your unique vibrational makeup This is a powerful affirming aspect of this methodology as what is revealed to you can only be known by you It all starts with you Transforming yourself to be the alchemist of your own life while serving as a gateway for the change our world so desperately needs *Shamanic Trance in Modern Kabbalah* Jonathan Garb, 2011-04-15 Bringing to light a hidden chapter in the history of modern Judaism Shamanic Trance in Modern Kabbalah explores the shamanic dimensions of Jewish mysticism Jonathan Garb integrates methods and models from the social sciences comparative religion and Jewish studies to offer a fresh view of the early modern kabbalists and their social and psychological contexts Through close readings of numerous texts some translated here for the first time Garb draws a more complete picture of the kabbalists than previous depictions
