Benedict Carton:

Rethinking Mission in the Postcolony Marion Grau, 2011-06-30 Offers a progressive Christian approach to soteriology and missiology in a global postcolonial context This book proposes an integration of gospel and culture It aims to steer a third course towards an integration of the knowledge and treasures the losses and laments of Christianities forged in colonizing and colonized societies

Sport in the African World John Nauright, Mahfoud Amara, 2018-05-16 Sport has been a component of African cultural life for several hundred years In today's globalized world Africans and Africa have become a vital part of the international sporting landscape This is the first book to attempt to survey the historical contemporary and geographical breadth of that landscape drawing on multidisciplinary scholarship from around the world To gain an understanding of sport in Africa and its contributions to the global sports world one must first consider the ways in which sport itself is a terrain of conflict and represents another symbolic territory to conquer Addressing key themes such as colonialism globalization migration apartheid politics and international relations sports media and broadcasting ethnobranding sports tourism and the African diaspora in Europe and the United States this collection of original scholarship offers a significant contribution to this burgeoning field of research Sport in the African World is fascinating reading for all students and scholars with an interest in sport studies sport history African history or African culture

The Creation of the Zulu Kingdom, 1815-1828 Elizabeth A. Eldredge, 2014-10-30 This scholarly account traces the emergence of the Zulu Kingdom in South Africa in the early nineteenth century under the rule of the ambitious and iconic King Shaka In contrast to recent literary analyses of myths of Shaka this book uses the richness of Zulu oral traditions and a comprehensive body of written sources to provide a compelling narrative and analysis of the events and people of the era of Shaka's rule The oral traditions portray Shaka as rewarding courage and loyalty and punishing failure as ordering the targeted killing of his own subjects both warriors and civilians to ensure compliance to his rule and as arrogant and shrewd but kind to the poor and the mentally disabled The rich and diverse oral traditions transmitted from generation to generation reveal the important roles and fates of men and women royal and subject from the perspectives of those who experienced Shaka's rule and the dramatic emergence of the Zulu Kingdom

Making African Christianity Robert J. Houle, 2011-09-16 In Making African Christianity author Robert J Houle argues that Africans successfully naturalized Christianity This book examines the long history of the faith among colonial Zulu Christians known as amakholwa in what would become South Africa As it has become clear that Africans are not discarding Christianity a number of scholars have taken up the challenge of understanding why this is the case and how we got to this point Where others have focused on the economic and political potential of conversion this book argues that we need to understand what was embedded within the faith that Africans found so appealing Houle argues that translation did not end with the bible but extended to Christian theology which needed to be fully appropriated before the faith was secure on the continent For Zulu the religion was not a good fit until converts filled critical gaps in the faith such as

how Christianity could account for the active and everyday presence of the ancestral spirits a problem that was true for African converts across the continent in slightly different ways This book offers fresh insight into the history behind the contemporary success of Christianity on the continent and will be welcomed by African historians those interested in the history of colonialism missions southern African and in particular Christianity **Between Worlds** Les Switzer, 2025-08-21

Between Worlds expands beyond the focus of the previous volume the British colony of Natal to the more challenging framework of the American Zulu Mission and its Congregational churches in southeastern Africa between the 1880s and 1920s This study rejects arguments by many critical scholars who see Western missionaries at best as adjuncts of the colonial project imposing an understanding of Western Christianity that inevitably clashes with alien and resistant African cultures The mission church relationship in this era also changes dramatically especially in urban environments The church in South Africa becomes the dominant partner from the 1880s and by 1900 the mission has become an adjunct of the church an understanding with far reaching consequences elsewhere in the subcontinent **Anglo-Zulu War, 1879** Harold E. Raugh Jr., 2011-06-01 The Anglo Zulu War was one of many colonial campaigns in which the British Army served as the instrument of British imperialism The conflict fought against a native adversary the British initially under estimated is remarkable for battles that included perhaps the most humiliating defeat in British military history the Battle of Isandlwana January 22 1879 and one of its most heroic feats of martial arms the defense of Rorke s Drift January 22 23 1879 While lasting only six months it is one of the most examined studied and debated conflicts in Victorian military history **Anglo Zulu War 1879 A Selected Bibliography** is a research guide and tool for identifying obscure publications and source materials in order to encourage continued original and thought provoking contributions to this popular field of historical study From the student or neophyte to the study of the Anglo Zulu War its battles and its opponents to the more experienced historian or scholar this selected bibliography is a must for anyone interested in the 1879 Anglo Zulu War **Archives of Times Past** Cynthia Kros, John Wright, Mbongiseni Buthelezi, Helen Ludlow, Geoffrey Blundell, Jan Boeyens, Amanda Esterhuysen, Rachel King, Lize Kriel, Sekibakiba Peter Lekgoathi, Grant McNulty, Hlonipha Mokoena, Fred Morton, Muchaparara Musemwa, Ndukuyakhe Ndlovu, Sifiso Mxolisi Ndlovu, Himal Ramji, Justine Wintjes, 2022-02-01 This volume critically examines sources of evidence and material from the archive that historically have been used to tell southern Africa s pre colonial story **Sports in Postcolonial Worlds** Nicolas Bancel, Thomas Riot, Stanislas Frenkiel, 2018-02-02 This book explores several cultural and historical paths intertwined in the genesis and development of sport and physical activities within colonial and postcolonial contexts As far as youth organizations and Western based sports are concerned the Independencies political split needs to be reconsidered from a cultural perspective with practices overlapping spatial chronological and epistemological borders When looking at the variety of practices the colonial legacies and the ensuing migration journeys through a global perspective there is a need to understand the diverse ways of composing and building the postcolonial sport worlds Multiculturalism South
