Benjamin Franklin Huge Pain In My:

Benjamin Franklin: Huge Pain in my... Adam Mansbach, Alan Zweibel, 2015-09-04 Dear Mr Franklin First of all let me just say that this Assignment is Stupid You are Dead Why am I writing a letter to Some dead guy I ve never even met This is the start to a most unlikely pen pal relationship between thirteen year old Franklin Isaac Saturday Ike and Benjamin Franklin Before the fateful extra credit assignment that started it all Ike s life was pretty normal He was avoiding the popularity contests of middle school crushing hard on Clare Wanzandae and trying not roll his eyes at his stepfather Dirk the Jerk s lame jokes But all that changes when in a successful effort to make Claire Wanzandae laugh Ike mails his homework assignment to Ben Franklin and he writes back Soon things go awry After Ike has an embarrassing moment of epic proportions in front of Claire involving a playground non alcoholic beer and a lot of kettle corn Ike decides he needs to find a way to win Claire back With some help from his new friend B Fizzle can Ike get the girl and make his mark in history

Benjamin Franklin: You've Got Mail Adam Mansbach, Alan Zweibel, 2025-05-01 If the Future has any remedy for this situation do not hesitate to provide it That is to say Ike and Claire Wanzandae HELP HELP HELP HELP I am perhaps not for long Benjamin Franklin Ike Saturday has seen better days For one thing his pen pal Benjamin Franklin yes that Benjamin Franklin is the target of an angry mob after Ike s plan to help the Founding Fathers with some intel from the future seriously backfired For another he s decided to mail himself back in time with the help of his girlfriend Claire Wanzandae and it s not a particularly comfortable way to travel Once Ike tracks B Freezy down in 1776 it becomes clear that his pal is less than impressed with the irritating modern day rescuer partially because Ike has a habit of making things worse for Ben and partially because Ben is incredibly cranky when not in the presence of numerous meat pies Which speaks to another issue for the pair they have no money no food and basically no plan for saving the country But Claire won t be able to cover for Ike back home in the future forever and the British are looking pretty impatient so Ike and B Freezy will have to come up with something quickly if they want to avoid an epic history destroying disaster In this hilarious sequel to Benjamin Franklin Huge Pain in My Adam Mansbach and Alan Zweibel take Ike and B Freezy s antics to the next level as this ill paired and sometimes actually ill duo hold the future of the world in their not so capable hands

In Praise of Profanity Michael Adams, 2016-07-01 When President Obama signed the affordable health care act in 2009 the Vice President was overheard to utter an enthusiastic This is a big f deal A town in Massachusetts levies 20 fines on swearing in public Nothing is as paradoxical as our attitude toward swearing and bad language how can we judge profanity so harshly in principle yet use it so frequently in practice Though profanity is more acceptable today than ever it is still labeled as rude or at best tolerable only under specific circumstances Cursing many argue signals an absence of character or poor parenting and is something to avoid at all costs Yet plenty of us are unconcerned about the dangers of profanity bad words are commonly used in mainstream music Academy Award winning films books and newspapers And of course regular people use them in conversation every day In In Praise of Profanity Michael Adams offers a provocative unapologetic defense of profanity arguing that we ve oversimplified profanity by labeling it as taboo Profanity is valuable even essential both as a vehicle of communication and an element of style As much as we may deplore it in some contexts we should celebrate it in others Adams skillfully weaves together linguistic and psychological analyses of why we swear for emotional release as a way to promote group solidarity or to create intimate relationships with colorful examples of profanity in literature TV film and music such as The Sopranos James Kelman s How Late It Was How Late or the songs of Nellie McKay This breezy jargon free book will challenge readers to reconsider the way they think about swearing

Thermonuclear Monarchy Elaine Scarry, 2014-02-17 From one of our leading social thinkers a compelling case for the elimination of nuclear weapons During his impeachment proceedings Richard Nixon boasted I can go into my office and pick up the telephone and in twenty five minutes seventy million people will be dead Nixon was accurately describing not only his own power but also the power of every American president in the nuclear age Presidents Eisenhower Kennedy Johnson and Nixon each contemplated using nuclear weapons Eisenhower twice Kennedy three times Johnson once Nixon four times Whether later presidents from Ford to Obama considered using them we will learn only once their national security papers are released In this incisive masterfully argued new book award winning social theorist Elaine Scarry demonstrates that the power of one leader to obliterate millions of people with a nuclear weapon a possibility that remains very real even in the wake of the Cold War deeply violates our constitutional rights undermines the social contract and is fundamentally at odds with the deliberative principles of democracy According to the Constitution the decision to go to war requires rigorous testing by both Congress and the citizenry when a leader can single handedly decide to deploy a nuclear weapon we live in a state of thermonuclear monarchy not democracy The danger of nuclear weapons comes from potential accidents or acquisition by terrorists hackers or rogue countries But the gravest danger comes from the mistaken idea that there exists some case compatible with legitimate governance There can be no such case Thermonuclear Monarchy shows the deformation of governance that occurs when a country gains nuclear weapons In bold and lucid prose Thermonuclear Monarchy identifies the tools that will enable us to eliminate nuclear weapons and bring the decision for war back into the hands of Congress and the people Only by doing so can we secure the safety of home populations foreign populations and the earth itself
