Blumenfeld,2017-11-18 This is the NEW 2018 LIBRARY version of Alpha Phonics This version is identical to the regular Alpha Phonics in every way except the ISBN 9781979228473 This ISBN enables the Alpha Phonics to be offered to Libraries This is the ORIGINAL Alpha Phonics Alpha Phonics is a systematic phonics instruction program used by 100s of thousands since it was introduced in the late 1970 s Alpha Phonics is probably the simplest most effective and reasonably priced phonics instruction programs available HERE IS WHY IT WORKS SO WELL IT IS SIMPLE There are only 44 phonograms Sounds the child needs to learn in order to read Reading contrary to what you have been told is easy to teach because all you have to do is teach the student to SOUND OUT the words they want to read At first they sound the words out aloud later they do it in their head silently That is ALL there is to teaching reading MOM get this All 128 Lessons in Alpha Phonics are covered in ONLY 14 pages of instructions for you Students begin with short vowels putting together simple words Like a with m am or a with s as and progress to the more advanced words With Alpha Phonics the beginner can be reading simple sentences by lesson three and

that can even be on the first day Other reading instruction programs try to do way too much They inject grammar pictures and other material needlessly complicating the task Alpha Phonics just teaches reading only Alpha Phonics has as a BONUS you teach SPELLING easily as you go through simple dictation Alpha Phonics easily introduces over 3 500 words in its simple 128 lessons Some students can learn to read in only months Alpha Phonics also works very well for older students even grown adults who need remediation Is there a negative about Alpha Phonics Yes In the past 30 years we have heard only one criticism Only a few times It is Some Moms say they think their child can become bored when taught by Alpha Phonics Why Parents have been convinced that learning has to be fun time They have been led to believe games card decks cartoons pictures spin the needle tricks etc make it fun They feel they have to entertain their kids while teaching But this unnecessarily slows down the process With Alpha Phonics the student can actually be READING simple sentences even day ONE Students do see lists of words in Alpha Phonics lessons but they QUICKLY are actually READING those words they are accomplishing instead of being entertained The Bells and Whistles in other programs slow the process and cost time and money The huge sense of success in actually reading quickly overcomes any other consideration We almost forgot the SUPER BONUS Many ADULTS become BETTER readers while teaching their child The lessons for the Student are in LARGE TYPE on 8 1 2 X11 pages meaning you can instruct him her DIRECTLY from the book Nothing need be copied on separate paper Makes everything much easier than if it were on 5 X 8 pages Alpha Phonic is highly recommended by leading Homeschooling curriculum reviewers such as Mary Pride Cathy Duffy Karen Andreola and many others There is a CD Rom version sold separately on Amazon for only 9 00 Find the CD ROM version on Amazon at ISBN 9780941995184 Amazon also has available a set of practice Readers and a practice Phonics Workbook to accompany Alpha Phonics The Alpha Phonics and How To Tutor Little Companion READERS 10 little books combined into one handy book 19 95 ISBN 9780941995344 They are specifically designed to follow along with the Alpha Phonics book as you teach from it The other great optional resource is The Alpha Phonics and How To Tutor Phonics Companion PRACTICE WORKBOOK 19 95 ISBN 9780941995337 It is also designed to accompany the Alpha Phonics teaching book as you go through the lessons The Readers Book and the Phonics Practice Workbook are optional Alpha-Phonics Sam Blumenfeld,2011-08-20 **Blumenfeld's Alpha-phonics** Samuel L.
