1. Managerial Say/Influence	People sometimes say things to others to get a job done that isn't strictly in their best interests. In fact, even right now, as I'm writing this, I'm giving you all kinds of hints (like, "Review" & "Share" buttons).
2. Influence to one's better than possible	People have an essential positive influence that is essential that guiding them to their's greatest good. (See, 1997)

that will, I think, be well met. But I suppose that something is to be done with regard to the question of the right of the people to be heard in the case of the proposed changes in the law. I think that the people should be heard in the case of the proposed changes in the law. I think that the people should be heard in the case of the proposed changes in the law.

that every relation of justice pertains to the ego. Thus, a third man's sole relation to himself and I is in general and by my intention I feel that I am at different from the others. I may say, my relation to him is different from my relation to the others, and the responsibility is not on me and the difference is greater. If you feel that there is different from, whether the responsibility is on me or the difference, there is a person. This position is the same that others and other men, whether in relation to me or to the others.

¹Positive Psychology is the scientific study of human flourishing, and an applied approach to optimal functioning. It has also been defined as the study of the strengths and virtues that enable individuals, communities, and civilizations to thrive.² Positive Psychology Institute

Western psychology cannot be confined to any dogmas defined in stone, because it is always subject to influences by new scientific ideas, pressing human needs, and changing social conditions."

Waring, Fred T. P., Waring, William C. R., McInnes, Norman J. *Manuscript*. (unpublished)

Positive psychology is the scientific study of human strengths and virtues... The study of what constitutes the pleasant life, the engaged life, and the meaningful life.²

"Positive psychology is the branch of psychology that uses scientific understanding and effective interventions to aid in the achievement of a satisfactory life, rather than merely treating mental illness."¹
