Story Behind the Book Writing a book about dating just isn't my thing Not my area of expertise Not my focus But then I started thinking about it Maybe I have learned some things Maybe I could add something useful to the mix that hadn't been said already So I emailed my agent to say I would consider it Then I broke up with my boyfriend When my agent telephoned to ask why I hadn't responded to his emails the call went something like this You can forget about the book I can't even write a pamphlet How in the world am I supposed to give advice when I can't handle my own love life In his pep talk my agent told me the thing I have going for me is honesty He told me to picture myself in a coffee shop catching up with friends trading stories binding each other's wounds laughing refocusing and re-emerging as the women God wants us to be So I did

Rhetoric, History, and Women's Oratorical Education David Gold, Catherine L. Hobbs, 2013-05-02 Historians of rhetoric have long worked to recover women's education in reading and writing but have only recently begun to explore women's speaking practices from the

parlor to the platform to the varied types of institutions where women learned elocutionary and oratorical skills in preparation for professional and public life This book fills an important gap in the history of rhetoric and suggests new paths for the way histories may be told in the future tracing the shifting arc of women s oratorical training as it develops from forms of eighteenth century rhetoric into institutional and extrainstitutional settings at the end of the nineteenth century and diverges into several distinct streams of community embodied theory and practice in the twentieth Treating key rhetors genres settings and movements from the early republic to the present these essays collectively challenge and complicate many previous claims made about the stability and development of gendered public and private spheres the decline of oratorical culture and the limits of women s oratorical forms such as elocution and parlor rhetorics and women s responses to rhetorical constraints on their public speaking Enriching our understanding of women s oratorical education and practice this cutting edge work makes an important contribution to scholarship in rhetoric and communication
