Better Library Design Ideas From Library Journal:

Better Library Design Rebecca T. Miller, Barbara A. Genco, 2016 Few librarians build more than one library in their careers and renovating or building a whole new library is a very expensive investment Thus new or refurbished structures need to be fresh and up to date While some librarians have the means to visit exemplary buildings as they develop their own library s master plan most library leaders and stakeholders won t actually see the full range of potential projects Hence this unique book is both a resource and a brainstorm prompt It helps library leaders and key stakeholders surface the ideal programmatic aspects that drive exciting design and offer recent design solutions that have been effectively implemented Better Library Design Ideas from Library Journal identifies and celebrates the top trends in library design capturing current state and provides an authoritative overview for those planning their own projects This is a colorful high content survey of dynamic library building projects completed in the last five years in both public and academic settings Anchored by Library Journal s New Landmark Libraries competition here is the nation s best examples of innovative functional appealing design all in glorious full color so you ll be both inspired and informed as you make important design choices

Better Library Design Rebecca T. Miller, Barbara A. Genco, 2015-12-28 Few librarians build more than one library in their careers and renovating or building a whole new library is a very expensive investment Thus new or refurbished structures need to be fresh and up to date While some librarians have the means to visit exemplary buildings as they develop their own library s master plan most library leaders and stakeholders won t actually see the full range of potential projects Hence this unique book is both a resource and a brainstorm prompt It helps library leaders and key stakeholders surface the ideal programmatic aspects that drive exciting design and offer recent design solutions that have been effectively implemented Better Library Design Ideas from Library Journal identifies and celebrates the top trends in library design capturing current state and provides an authoritative overview for those planning their own projects This is a colorful high content survey of dynamic library building projects completed in the last five years in both public and academic settings Anchored by Library Journal s New Landmark Libraries competition here is the nation s best examples of innovative functional appealing design all in glorious full color so you ll be both inspired and informed as you make important design choices

Planning Optimal Library Spaces David R. Moore, II, Eric C. Shoaf, 2018-01-25 Planning Optimal Library Spaces Principles Process and Practices demystifies library space planning inspires creative thinking and offers immediate how to steps to rectify seemingly hopeless situations It describes an approach to library space planning that introduces and combines a phased implementation strategy with traditional space planning to allow library transformations and renovations to be done as a single project or a series of smaller separate and more manageable phased interventions It allows libraries to meet current needs sooner as smaller funding opportunities arise instead of waiting on completely funded projects to develop Chapters cover the approach the importance of community engagement meetings collection storage strategies the anatomy of a library

project budget recommendations for getting started and case studies of both public and academic library planning projects with detailed phasing strategies Printed in full color with 148 images this is a must have book for librarians architects government education administrators and anyone involved with or even thinking about a library planning or renovation project

The No-Nonsense Guide to Project Management Barbara Allan, 2017-07-24 This book provides a no nonsense guide to project management which will enable library and information professionals to lead or take part in a wide range of projects from large scale multi organization complex projects through to relatively simple local ones Barbara Allan has fully revised and updated her classic 2004 title Project Management to incorporate considerable developments during the past decade including the development and wide scale acceptance of formal project management methodologies the use of social media to communicate and disseminate information about projects and the large shift in the types of project library and information workers may be involved in The text is supported by practical case studies drawn from a wide range of LIS organizations at local regional national and international levels These examples provide an insight into good practice for the practitioner from an individual working in a voluntary organization on an extremely limited budget to someone involved in an international project Content covered includes an introduction to project management project workers and the library and information profession different approaches to project management the project cycle the people side of projects and management of change discussion of project methodologies project management software open source software collaborative working software and use of social media project initiation communication analysis and project briefs developing project infrastructure scheduling working out the finances and carrying out a detailed risk analysis working in partnerships in diverse and virtual teams and managing change If you are an LIS professional involved in project work of any kind whether on a managerial practical academic or research level this is an invaluable resource for you

Creating the High-Functioning Library Space Marta Mestrovic Deyrup, 2016-11-14 This book provides practical information and insights to library administrators and building plan team members at academic and public libraries who are considering or starting a library expansion or reconfiguration of existing space Building a new library or expanding or renovating an existing building brings up a host of questions and concerns not the least of which involves the future of the library This book addresses those issues in light of an overarching positive vision of libraries and their evolving purposes and roles in the 21st century This guide identifies and addresses all of the steps in the building process including preparing the request for proposal RFP selecting the right architect for the job developing a financial contingency plan and managing stakeholders expectations The book presents both the perspectives and experience of library administrators and management personnel as well as the insights of accomplished library architects and designers It provides thorough practical and current guidance in a process that library administrators often find daunting and risk immersive Reading this book is like sitting down with a knowledgeable impartial consultant before beginning a major renovation project a tremendous asset for library administrators as well as architectural

firms **Library Services for Children and Young People** Carolynn Rankin, Avril Brock, 2012-11-23 A vision for children's library services in the next decade This book provides a sound background to all aspects of library provision for 6-18 year olds It is designed to support the strategic planning and delivery of library services and programmes at a local community level or in schools The book outlines a vision for children's library services in the next decade and carves out a strategy for engaging with the challenges and opportunities for children's librarians and policy makers in the Google environment This book is accessible informative and inspiring and offers practitioners the knowledge ideas and confidence to work in partnership with other key professionals in delivering services and programmes It provides an evidence base which promotes and encourages the development of effective library services for children and young people The case studies scenarios and vignettes drawn from UK and international sources show that the key issues have an international dimension and the similarities and differences in service provision will be of interest to many In addition to the two editors chapters are contributed by a range of internationally known practitioners and academics offering a wide perspective Case studies at the end of each section complement themes and practices from previous chapters while rooting the discussion in a specific context The book is organized into four parts Children's library services policy people and partnerships Connecting and engaging reaching your audience and catching the latest wave acknowledging the role of technology Buildings design and spaces libraries for children and young people Issues for professional practice Readership This book is essential reading for all senior library practitioners children's librarians and school librarians subject coordinators and managers in schools It will also be of value for all postgraduate students on CILIP accredited library and information management courses **Library Journal** Melvil Dewey, Richard Rogers Bowker, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1907 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately Envisioning Future Academic Library Services Sue McKnight, 2010 Edited by a thought leader with an international reputation it brings together renowned authors from across the globe who are breaking traditional moulds and boundaries in a way that will have a profound impact on the way libraries and library services are conceptualized in the years to come They represent the key links in the knowledge chain authors publishers academics community knowledge creators librarians and institutions the student perspective is also provided **Library Journal** , 1877 **Re-envisioning the MLS** Johnna Percell, Lindsay C. Sarin, Paul T. Jaeger, John Carlo Bertot, 2018-04-13 At the heart of any discussion about the future of libraries is the future of librarians and how well our instructional programs especially the Master of Library Science MLS degree prepare them for their careers This book continues the critical conversations around preparing future librarians
