Beyond Limits Steve McClure, 2014-11-07 *Beyond Limits* is the autobiography of Steve McClure one of the world's top rock climbers. From his childhood encounters with the sandstone outcrops of the North York Moors right up to his cutting edge first ascents such as Overshadow F9a at Malham and Mutation F9a at Raven Tor, Steve explores his deep passion for climbing and how it has dictated and shaped his life. Introduced to climbing by his parents at an early age, Steve quickly progressed as a climber, developing a fascination with movement and technical difficulty. Rapidly reaching a high standard, Steve became torn between the desire to climb increasingly bold routes and his hesitant approach to danger, with a series of close calls forcing him to seriously question his motivations. Searching for a balance between risk and reward, he struggled to find his place as a climber. Having dropped out of the scene, a chance encounter led to his discovery of sport climbing. Free from fear, Steve plunged headlong into this new style and surged through the grades, pushing everything else aside. He allowed climbing to take over his life. He reached world class levels of performance but once again found himself searching for a balance between risk and reward, yet this time the risk was of losing what is truly important in life. As he searches for what really makes him tick, his climbing comes full circle and returns to where it started: climbing for the love of it. *Beyond Limits* is the story of a climber and his obsessive exploration of the sport, of finding a true passion, taking it to the limits, and attempting to delicately balance this passion against other aspects of life to give the greatest rewards.

Wild Descent (Beyond Limits Book 2) Robert Appleton, 2023-08-30 Disaster strikes Flight 114 out of Lhasa, Tibet, when the cabin depressurizes in a severe storm over the Himalayas and the co-pilot is forced to make an emergency crash landing at high altitude. With limited supplies and no radio communications, the survivors are faced with a life or death decision: stay with the plane and await an unlikely rescue, or attempt a perilous descent while they still have enough strength. For flight attendant Beth Agnew, the choice is even harder. Her paraplegic sister Mina is on board. Beth blames herself for the accident that crippled Mina years ago and has vowed never to leave her side. In the thin air, it would be impossible to carry anyone down a mountain anyway. But two amateur American climbers hatch a daring plan if

they can find their gear that spilled during the crash they might be able to take half the survivors with them for an all or nothing descent beneath the clouds Stay or go As the group splits leaders emerge and alliances form and each of them must face their worst fears For those attempting the climb a gauntlet of hidden dangers awaits including maze like glaciers avalanches high wire traverses in gale force winds and the deadliest obstacle of all a treacherous icefall It s survival beyond the limits in the wildest descent on Earth an emotional odyssey of courage endurance and devotion **Kids Beyond Limits**
