Bernie Sanders Decal

Jennifer Weiner

Bernie Sanders Decal:

Trumped: A Political Fantasy Lisa Nowak, 2017-09-19 When veteran reporter Beth Bartlet receives an email from a source claiming the scoop of the century she regards it with the skepticism it deserves What she doesn't expect is for that claim to lead to a story or for the story to trigger the potential downfall of America's most controversial president [The Breakaway](#) Jennifer Weiner, 2024-05-07 From 1 New York Times bestselling author Jennifer Weiner comes a warmhearted and empowering new novel about love family friendship secrets and a life changing journey Thirty three year old Abby Stern has made it to a happy place True she still has gig jobs instead of a career and the apartment where she's lived since college still looks like she's just moved in But she's got good friends her bike and her bicycling club in Philadelphia She's at peace with her plus size body at least most of the time and she's on track to marry Mark Medoff her childhood sweetheart a man she met at the weight loss camp that her perpetually dieting mother forced her to attend Fifteen years after her final summer at Camp Golden Hills when Abby reconnects with a half his size Mark it feels like the happy ending she's always wanted Yet Abby can't escape the feeling that something isn't right or the memories of one thrilling night she spent with a man named Sebastian two years previously When Abby gets a last minute invitation to lead a cycling trip from NYC to Niagara Falls she's happy to have time away from Mark a chance to reflect and make up her mind But things get complicated fast First Abby spots a familiar face in the group Sebastian the one night stand she thought she'd never see again Sebastian is a serial dater who lives a hundred miles away In spite of their undeniable chemistry Abby is determined to keep her distance Then there's a surprise last minute addition to the trip her mother Eileen the woman Abby blames for a lifetime of body shaming and insecurities she's still trying to undo Over two weeks and more than seven hundred miles strangers become friends hidden truths come to light a teenage girl with a secret unites the riders in unexpected ways and Abby is forced to reconsider everything she believes about herself her mother and the nature of love **I Think We Missed Our Turn** L.A. Witt, 2021-02-03 Despite their mutual attraction Marques Williams and Armin Jahani agreed a long time ago that they were better off as friends They don't want to risk their friendship and they definitely don't want things getting awkward at the art gallery where they work But even as they've moved on with their lives they've both quietly regretted that decision When Armin's father scores the gallery a collection of sculptures from a renowned and reclusive artist he sends Armin and Marques on the road to pick them up As the two friends embark on a multi state trip they each assume the other is still with his longtime partner Armin doesn't know that Marques's now ex boyfriend is moving out Marques doesn't know that the last fraying threads of Armin's relationship have snapped Secretly they pine for each other from across the console of their rental car each wishing they hadn't missed the chance to be together years ago But maybe they haven't missed that chance after all *I Think We Missed Our Turn* is a short and fun 36 000 word novella with a happy ending and no cheating *The Authenticity Industries* Michael Serazio, 2023-11-07 In recent decades authenticity has become an American obsession It

animates thirty years worth of reality TV programming and fuels the explosive virality of one hot social media app after another It characterizes Donald Trump s willful disregard for political correctness and proofreading and inspires multinational corporations to stake activist claims in ways that few woke brands ever dared before It buttresses a multibillion dollar influencer industry of everyday folks shilling their friends with spon con and burnishes the street cred of rock stars and rappers alike But ironically authenticity s not actually real it s as fabricated as it is ubiquitous In *The Authenticity Industries* journalist and scholar Michael Serazio combines eye opening reporting and lively prose to take readers behind the scenes with those who make reality and the ways it tries to influence us Drawing upon dozens of rare interviews with campaign consultants advertising executives tech company leadership and entertainment industry gatekeepers the book slyly investigates the professionals and practices that make people products and platforms seem authentic in today s media culture and politics The result is a spotlight on the power of authenticity in today s media saturated world and the strategies to satisfy this widespread yearning In theory authenticity might represent the central moral framework of our time allaying anxieties about self and society culture and commerce and technology and humanity It infects and informs our ideals of celebrity aesthetics privacy nostalgia and populism And Serazio reveals how these pretenses are crafted backstage for audiences consumers and voters

Vaping The New York Times Editorial Staff,2019-12-15 Over the past few years e cigarettes such as Juul have taken over the market rising in popularity among smokers and retailers Originally marketed as a safer alternative to smoking vaping may actually not be as harmless as first believed As scientists debate the relative merits of e cigarettes policymakers have had to contend with a new reality the rise in vaping among teenagers The articles in this book evaluate the increasing prominence and regulation of the vaping industry and media literacy questions and terms will enlighten readers to how news coverage of the topic has developed

True West Betsy Gaines Quammen,2023-10-24 True West explores myths of the West and how if left unexamined they distort the realities of the present and exacerbate polarizations These misperceptions about land politics liberty and self determination threaten the wellbeing of western communities overrun by newcomers seeking a dream and the country unless America recognizes the dangers of building a national identity on illusion Betsy Gaines Quammen interrogates it all by listening carefully to people from varying political and cultural perspectives as she seeks to reconcile the deep anger and broad misunderstandings that linger amid myths that define and impede the West and America

A House United Allen R. Hilton,2018-04-01 By entering the culture wars churchgoers in the United States have ushered the Left and the Right to even greater extremes Battles over moral issues like abortion rights and homosexuality have now widened to include taxation and size of government so that specific church affiliation has become an accurate predictor of political party affiliation The extremists in American politics rely on Christians to be the engine that pushes the culture farther right or left Allen Hilton believes that religion isn t inherently divisive and he suggests a new role for Christianity Jesus prayed that his disciples might all be one and this book imagines a proper answer

to that prayer in the context of American polarization Rather than asking people to leave their political and theological beliefs at the church door Hilton promotes a Christianity that brings people together with their differences Through God s transforming work he writes we can create a house united that will help our nation come back together The Class Heather Won Tesoriero,2018-09-04 An unforgettable year in the life of a visionary high school science teacher and his award winning students as they try to get into college land a date for the prom and possibly change the world A complex portrait of the ups and downs of teaching in a culture that undervalues what teaching delivers The Wall Street Journal Andy Bramante left his successful career as a corporate scientist to teach public high school and now helms one of the most remarkable classrooms in America Bramante s unconventional class at Connecticut s prestigious yet diverse Greenwich High School has no curriculum tests textbooks or lectures and is equal parts elite research lab student counseling office and teenage hangout spot United by a passion to learn Mr B s band of whiz kids set out every year to conquer the brutally competitive science fair circuit They have won the top prize at the Google Science Fair made discoveries that eluded scientists three times their age and been invited to the Nobel Prize ceremony in Stockholm A former Emmy winning producer for CBS News Heather Won Tesoriero embeds in this dynamic class to bring Andy and his gifted all too human kids to life including William a prodigy so driven that he s trying to invent diagnostics for artery blockage and Alzheimer s but can t quite figure out how to order a bagel Ethan who essentially outgrows high school in his junior year and founds his own company to commercialize a discovery he made in the class Sophia a Lyme disease patient whose ambitious work is dedicated to curing her own debilitating ailment Romano a football player who hangs up his helmet to pursue his secret science expertise and develop a smart liquid bandage and Olivia whose invention of a fast test for Ebola brought her science fair fame and an appearance on The Late Show with Stephen Colbert We experience the thrill of discovery the heartbreak of failed endeavors and perhaps the ultimate high a yes from Harvard Moving funny and utterly engrossing The Class is a superb account of hard work and high spirits a stirring tribute to how essential science is in our schools and our lives and a heartfelt testament to the power of a great teacher to help kids realize their unlimited potential Praise for The Class Captivating Journalist Tesoriero left her job at CBS News to embed herself in Bramante s classroom for the academic year and she does this so successfully a reader forgets she is even there Her skill at drawing out not only Bramante but also the personal lives hopes and concerns of these students is impressive It is a fascinating glimpse of a teaching environment that most public school teachers will never know The Washington Post **A Thousand Small Sanities** Adam Gopnik,2019-05-14 A stirring defense of liberalism against the dogmatisms of our time from an award winning and New York Times bestselling author Not since the early twentieth century has liberalism and liberals been under such relentless attack from both right and left The crisis of democracy in our era has produced a crisis of faith in liberal institutions and even worse in liberal thought A Thousand Small Sanities is a manifesto rooted in the lives of people who invented and extended the liberal tradition Taking us from Montaigne to Mill and from

Middlemarch to the civil rights movement Adam Gopnik argues that liberalism is not a form of centrism nor simply another word for free markets nor merely a term denoting a set of rights It is something far more ambitious the search for radical change by humane measures Gopnik shows us why liberalism is one of the great moral adventures in human history and why in an age of autocracy our lives may depend on its continuation **The Politics of Gen Z** Melissa Deckman, 2024-09-03

Progressive activism today is increasingly spearheaded by the nation's youngest voters Gen Z those born between 1997 and 2012 has come of age in a decade of upheavals They have witnessed the election of Donald Trump the murder of George Floyd and the Dobbs Supreme Court decision and they have lived under the constant threats of mass shootings and climate change In response left leaning Zoomers particularly women and LGBTQ people have banded together to take action This book tells the story of Gen Z's growing political participation and why it is poised to drive U S politics leftward Bringing together original data and compelling narrative including nearly one hundred interviews with Gen Z activists and several national surveys political scientist Melissa Deckman explores the world of youth led progressive organizing highlighting the crucial importance of gender and sexuality She reveals why women and LGBTQ Zoomers are participating in politics at higher levels than their straight male peers creating a historic reverse gender gap Deckman takes readers inside Gen Z's fight for a more inclusive and just future sharing stories of their efforts to defend reproductive rights prevent gun violence stem climate change and win political office A deep dive into the politics of Gen Z this book sheds new light on how young voters view politics and why their commitment to progressive values may transform the country in the years ahead
