Beacháin,2021-03-08 Elected in 1960 as the 35th President of the USA John Fitzgerald Kennedy remains to this day the office's youngest incumbent and he was its first Roman Catholic His term in office was short but arguably no US President has inspired more people around the globe than JFK Even today for generations born decades after his death President Kennedy's legacy has an enduring appeal This insightful book contains specially commissioned pieces by a range of respected academic and political figures including former Obama speechwriter Cody Kennan the President of the Robert F Kennedy Human Rights organisation Kerry Kennedy and former senior adviser to Bernie Sanders Tad Devine With the presidency of Joe Biden seeing a renewed focus on broader themes within Irish American and global politics *From Whence I Came* is a fascinating and timely collection that offers a fresh perspective on the Kennedy legacy and the politics of Ireland and the United States

Where We Go from Here Bernie Sanders,2018-11-27 The inspiring national bestseller from the U S Senator and leading Democratic candidate for president about the fierce fight for democracy and social justice and what we need to do next In *Where We Go from Here* New York Times bestselling author Bernie Sanders reveals the blueprint for his 2020 presidential run by chronicling the day by day struggles that he and his progressive colleagues have waged over the last two years in the fight against Donald Trump's reactionary agenda and for a government that works for all not just wealthy campaign contributors At home Sanders has helped lead the fight for Medicare for all fought for workers desperate for higher wages and supported immigrants in the DACA program and children affected by gun violence He has stood with the people of Puerto Rico devastated by Hurricane Maria as well as veterans teachers the incarcerated the persecuted and all those who are too often ignored by Washington Abroad his voice has been clear that we need a foreign policy that strives for peace not war and international cooperation to address the crisis of climate change The good news is we're making progress People all across America are standing up to the most dishonest and reactionary president in our history They're taking on establishment politicians who've turned a blind eye to the concerns of everyday citizens They're fighting back against the oligarchs of Wall Street who would happily see our children do worse than their parents so long as the Dow does better And the general public continually demonstrates that we are more united than the media would allow us to believe and what we agree on are largely progressive ideals Maintaining a vibrant democracy has never been easy and in these dangerous and unprecedented times it has been more difficult than ever Bernie Sanders shows however that we can repair the damage Trump has done and create a nation based on the principles of economic social racial and environmental justice

The Great Divide Howard Harrison,2017-03-07 *The Great Divide* Story of the 2016 US Presidential Race takes readers on a tour of one of the most unusual controversial and compelling elections in history It starts in June 2015 when billionaire real estate mogul and reality TV star Donald Trump joins a crowded field of Republican candidates and soon vaults to No 1 in the polls It ends with a result that shocks the world In between readers will enjoy a play by play or blow by blow account of all the events that made headlines during the campaign Written in real time the story captures each event as it occurred up through

the election You will read about Bernie Sanders reigniting 1960s liberalism Hillary Clinton s e mails the Supreme Court vacancy the Stop Trump movement terrorist attacks rally violence Muslim bans Mexican walls and more The book also explores the issues that have created such a polarized electorate **The Great Retreat** Didi Kuo,2025 The Great Retreat How Political Parties Should Behave And Why They Don t examines political parties as an institution central to democracy and critical to the relationship between democracy and capitalism Political parties are the foremost intermediaries entrusted with representing the interests of a diffuse citizenry Thus parties shaped democracy and were crucial to democratic stability and success When working well political parties socialize citizens into politics and provide a consistent mechanism for citizens to wield a voice in their governments The Great Retreat also considers the party development in Europe and Latin America in correlation with the trends in the United States Free to a Good Home David F. Lambert,2021-04-06 Free to a Good Home is about small farms and big dogs farmers their families and friends bird feeders and feeders of birds dust and rust stone walls and other fences New Hampshire s First In The Nation Primary and other entertainment a few laughs and a few tears excerpt Janet Maggie and I lay between the rows of blueberries listening to the slight rustling of the corn and the soft endless chirp of peepers from the trees enjoying the sweet familiar smell of the ripe berries mesmerized by the grandeur of the Perseid meteor shower Fresh from chasing frogs in the swamp Maggie fitted herself between us her muddy feet and fur still dripping of swamp water soiling and soaking our clothes excerpt Free to a Good Home The cynic in me believes that nothing is free but I m enough of a romantic to believe at times that everything is free Maggie was named because of Margaret Thatcher We already had a dog named Thatcher and Janet couldn t resist naming the six month old sixty five pound Free to a good home female puppy of indeterminate breeding Margaret We called her Maggie and sometimes Margaret S Dog She would respond to any of these names if she considered it to be in her best interest and respond to none of them if not The Great Democracy Ganesh Sitaraman,2019-12-10 A leading progressive intellectual offers an illuminating agenda for how real democracy can triumph in America and beyond Ari Berman New York Times Since the New Deal in the 1930s there have been two eras in our political history the liberal era stretching up to the 1970s followed by the neoliberal era of privatization and austerity ever since In each period the dominant ideology was so strong that it united even partisan opponents But the neoliberal era is collapsing and the central question of our time is what comes next As acclaimed legal scholar and policy expert Ganesh Sitaraman argues two political visions now contend for the future One is nationalist oligarchy which rigs the system for the rich and powerful while using nationalism to mobilize support The other is the great democracy which fights corruption and extends both political and economic power to all people At this decisive moment in history The Great Democracy offers a bold transformative agenda for achieving real democracy **The Great Reset** Glenn Beck,Justin Trask Haskins,2022-01-11 Glenn Beck argues that the American way of life will not survive the Great Reset and warns us to stop it before it s too late to reverse course The Great Alignment Alan I. Abramowitz,2018-06-19 Alan I

Abramowitz has emerged as a leading spokesman for the view that our current political divide is not confined to a small group of elites and activists but a key feature of the American social and cultural landscape. The polarization of the political and media elites he argues arose and persists because it accurately reflects the state of American society. Here he goes further: the polarization is unique in modern U.S. history. Today's party divide reflects an unprecedented alignment of many different divides: racial and ethnic, religious, ideological, and geographic. Abramowitz shows how the partisan alignment arose out of the breakup of the old New Deal coalition, introduces the most important difference between our current era and past eras: the rise of negative partisanship, explains how this phenomenon paved the way for the Trump presidency, and examines why our polarization could even grow deeper. This statistically based analysis shows that racial anxiety is by far a better predictor of support for Donald Trump than any other factor, including economic discontent.
