Israel in the American Mind Shaul Mitelpunkt, 2018-05-10 Examines the changing meanings Americans invested in their country s intensifying relationship with Israel from the 1950s to the 1980s *Repairing the U.S.-Israel Relationship* Robert D. Blackwill, Philip H. Gordon, 2016-11-01 The U S Israel relationship is in trouble warn Council on Foreign Relations Senior Fellows Robert D Blackwill and Philip H Gordon in a new Council Special Report Repairing the U S Israel Relationship Significant policy differences over issues in the Middle East as well as changing demographics and politics within both the United States and Israel have pushed the two countries apart Blackwill a former senior official in the Bush administration and Gordon a former senior official in the Obama administration call for a deliberate and sustained effort by policymakers and opinion leaders in both countries to repair the relationship and to avoid divisions that no one who cares about Israel s security or America s values and interests in the Middle East should want

To Stand with Palestine Karam Dana, 2025-02-04 In recent years attitudes in the United States toward the Palestinian

cause have shifted dramatically Although Palestinians have long been demonized in U S media and politics their struggle portrayed as illegitimate emergent progressive voices increasingly challenge the status quo on Israel and Palestine and express solidarity with Palestinian resistance What accounts for this change and its evolution This book provides a new lens on activism around Palestinian issues demonstrating how the global Palestinian diaspora has driven transnational political movements Karam Dana explores the ways that exile has shaped Palestinian identity and allowed for new forms of global activism He examines the social political economic and technological forces that have created space for Palestinian voices to be heard by wider audiences worldwide Drawing on interviews with scholars and advocates including members of the Palestinian diaspora and Jewish American activists as well as public opinion data and media analysis Dana traces how global Palestinian communities have influenced American views He addresses the backlash against pro Palestinian advocacy but argues that solidarity with Palestinians both in the United States and globally will continue to strengthen Timely and insightful To Stand with Palestine offers an inside look at how Palestinians have shared their story with the world and why sympathy for their plight is growing with significant implications for the global political landscape

The Internationalists Alexander Ward, 2024-02-20 The inside story of Biden s foreign policy team and their struggle to restore America s global influence in the aftermath of Trump When Joe Biden assumed the United States presidency he brought with him a team of all star talent perhaps the most experienced ensemble of policy experts in modern U S history Their mission repair America s damaged reputation abroad and decide the course of its global future The challenges and risks could not have been greater Around the world adversaries were consolidating power allies were drifting away wars were raging and climate change was accelerating all while Russia was disrupting democracies and China was seeking to replace the U S as the world s preeminent power Now for the first time since World War II the United States risked falling from its unrivaled position If Biden and his team failed it would likely mark the end of an American era and the rise of a fractured and autocratic world order In *The Internationalists* acclaimed national security reporter Alexander Ward takes us behind the scenes to reveal the struggle to enact a coherent and effective set of policies in a time of global crisis Against the failure of Afghanistan and Russia s invasion of Ukraine Biden s all star team of rivals must band together against incredible odds Their successes and their failures will decide not just Biden s presidency They will decide the very course of America s global future As *The Best* and *The Brightest* chronicled the smoke filled rooms of the Kennedy Administration and *The Rise of The Vulcans* detailed the inner workings of George Bush s war machine *The Internationalists* takes readers behind the scenes as Joe Biden and his cabinet embark on some of the most ambitious foreign policy initiatives of any president since Richard M Nixon Thanks to rigorous reporting and sources in the rooms where it happened Ward delivers the first draft of history the first definitive unvarnished account of the Biden Doctrine from the Fall of Kabul to the Rise of Kiev

The Miasma of Unity: Jews and Israel Abba A. Solomon, *Miasma of Unity* Jews and Israel contains a decade s articles by researcher Abba A

Solomon clearing the fog and deception which has obscured Jewish life in the 100 plus traumatizing years since the emergence of the Zionist political project With a new preface by the author and an introduction by Jonathan Ofir an Israeli musician conductor and writer based in Denmark Israel and the Neoconservatives Adam L. Fuller,2019-11-08 For forty years the neoconservatives have been an influential wing on the American Right Their critics accuse them of being more loyal to a foreign government than to American interests But is that true In this book the author argues that their support of Israel is rooted just as much in their liberal democratic priorities *Toppling Trump* Samuel J. Best,Jeffrey W. Ladewig,2024-07-05 This book tells the story of the 2020 presidential election campaign exploring how Joe Biden secured the Democratic nomination and defeated Donald Trump in the general election It argues that Democratic Party elites paved the way for Biden s victory enabling him to overcome numerous campaign missteps to defeat one of the largest wealthiest most competitive fields in history It details how elites discouraged potential rivals from entering the race orchestrated rules to truncate the field and steered voters toward Biden s candidacy both directly and indirectly It shows how they helped the Biden campaign overcome early defeats in the first several contests and turn his campaign around And it shows the critical role they played in mobilizing partisans to help Biden win the general election campaign and thwarting efforts to undermine his victory Simply put the book demonstrates that Biden would not have won the White House without maneuvering and manipulation by the Democratic establishment *Bad Jews* Emily Tamkin,2022-11-03 You can be called a Bad Jew by the community or even yourself if you don t keep kosher don t send your children to Hebrew school or enjoy Christmas music if your partner isn t Jewish or you don t call your mother enough But today amid fears of rising antisemitism what makes a Good or Bad Jew is a particularly fraught question There is no answer argues Emily Tamkin Several million now identify as American Jews but they don t all identify with one another American Jewish history like all Jewish history has been about transformation and full of discussions debates and hand wringing over who is Jewish how to be Jewish and what it means to be Jewish *Bad Jews* is a rich absorbing reflection on 100 years of American Jewish identities and arguments Tamkin s fascinating diverse interviews explore the complex story of American Jewishness and its evolving conflicting positions from assimilation race and social justice to politics Zionism and Israel She pinpoints the one truth about Jewish identity It s always changing The Decline of the Left Wing in Israel Avi Shilon,2019-12-12 Yossi Beilin was a seminal figure during the Israeli Palestinian peace process As deputy foreign minister in the second Rabin government he was responsible for leading the Oslo process which was the most important attempt to end the conflict between Israel and the Palestinians This book is the first to tell the story of the left wing and the peace process based on the private archive of Beilin himself The thousands of documents shared exclusively with the author reveal a far more complete picture of Israel s political diplomatic history in the late 20th century and provide new information on key events Avi Shilon offers a critiques of the liberal peace building project and analyses the connections between the Labour party s economic policy and foreign policy since the 1970s This book is

both a political biography of Beilin and a new history which recounts the diplomatic processes and social political changes that occurred in Israel in the past four decades
