Bernie Sanders Austin:

The Capitalist Comeback Andrew Puzder, 2025-04-08 Andy Puzder the former CEO of Carl's Jr and Hardee's says that capitalism is not a dirty word and thankfully President Trump understands this his pro business policies will bring back economic growth and secure our future As a successful CEO in the restaurant industry Andy Puzder uniquely understands how important the profit motive is to our country's ultimate prosperity Furthermore as the grandson of immigrants the son of a car salesman and someone who worked his way up from earning minimum wage to running an international business he has a first hand view of how America's exceptional capitalist spirit can lift everyone to success In 2016 the American people faced a stark choice between two very different presidential candidates Hillary Clinton spent most of her adult life involved in politics and promised to uphold and advance the progressive legacy of President Barack Obama who had first won the White House on promises to spread the wealth around Donald Trump on the other hand came from the business world was an unapologetic capitalist used his own personal wealth as inspiration and promised simply to Make America Great Again By choosing Trump over Clinton the American people put a stop to decades of government expansion under progressive leadership and they might just have saved our economy by doing so America was once a land where everyone was encouraged to seek their fortune the more prosperous our citizens the more our whole society could in turn prosper But leftist forces in the United States have been seeking to tarnish the pursuit of prosperity and to paint profit as an evil motivation fit only for greedy plutocrats Andrew Puzder understands this first hand after a progressive smear campaign stopped him from joining President Trump's cabinet As Puzder explains in his new book *The Capitalist Comeback* this was an act of desperation from a left wing facing irrelevance with a pro business president in the White House From its roots in the Progressive Era to labor unions to education to entertainment to its political resurgence with avowed socialist candidates such as Bernie Sanders Puzder traces the development of the anti profit forces in the United States and shows how under President Trump they can be vanquished for good

Breaking the Law Alex Marlow, 2025-08-05 Alex Marlow editor in chief of Breitbart News and two time New York Times bestselling author of the must read *Peter Schweizer* 1 New York Times bestselling author *Breaking the News* and *Breaking Biden* returns with his third book an intensely researched examination into the legal cases against President Trump that threaten not only the conservative movement but the concept of law and order itself Just as the political left uses the corporate media academia and the culture to advance their political agendas they have found a new core American institution that they now exploit to expand their power the legal system Featuring Alex Marlow's prescient Tucker Carlson insight *Breaking the Law* effortlessly demonstrates how the American legal system has been weaponized against President Donald Trump on purely political grounds Marlow delves into the history and origins of lawfare debunks the notion that the rule of law was ever sacred to the American political left and describes the superstructure the donors activists and entities that have made the legal system one of the left's most potent political

weapons Finally he makes bold predictions on where lawfare is heading yes they really are coming for you and offers ways to fight its expanse before it s too late

We're Still Here Jennifer M. Silva,2019-07-03 The economy has been brutal to American workers for several decades The chance to give one s children a better life than one s own the promise at the heart of the American Dream is withering away While onlookers assume those suffering in marginalized working class communities will instinctively rise up the 2016 election threw into sharp relief how little we know about how the working class translate their grievances into politics In *We re Still Here* Jennifer M Silva tells a deep multi generational story of pain place and politics that will endure long after the Trump administration Drawing on over 100 interviews with black white and Latino working class residents of a declining coal town in Pennsylvania Silva reveals how the decline of the American Dream is lived and felt The routines and rhythms of traditional working class life such as manual labor unions marriage church and social clubs have diminished In their place she argues individualized strategies for coping with pain and finding personal redemption have themselves become sources of political stimulus and reaction among the working class Understanding how generations of Democratic voters come to reject the social safety net and often politics altogether requires moving beyond simple partisanship into a maze of addiction joblessness family disruption violence and trauma Instead Silva argues that we need to uncover the relationships loyalties longings and moral visions that underlie and generate the civic and political disengagement of working class people *We re Still Here* provides powerful on the ground evidence of the remaking of working class identity and politics that will spark new tensions but also open up the possibility for shifting alliances and new possibilities

Insane Clown President Matt Taibbi,2017-01-17 NEW YORK TIMES BESTSELLER Dispatches from the 2016 election that provide an eerily prescient take on our democracy s uncertain future by the country s most perceptive and fearless political journalist In twenty five pieces from Rolling Stone plus two original essays Matt Taibbi tells the story of Western civilization s very own train wreck from its tragicomic beginnings to its apocalyptic conclusion Years before the clown car of candidates was fully loaded Taibbi grasped the essential themes of the story the power of spectacle over substance or even truth the absence of a shared reality the nihilistic rebellion of the white working class the death of the political establishment and the emergence of a new explicit form of white nationalism that would destroy what was left of the Kingian dream of a successful pluralistic society Taibbi captures with dead on real time analysis the failures of the right and the left from the thwarted Bernie Sanders insurgency to the flawed and aimless Hillary Clinton campaign the rise of the dangerously bright alt right with its wall loving identity politics and its rapturous view of the Racial Holy War to come and the giant fail of a flailing reactive political media that fed a ravenous news cycle not with reporting on political ideology but with undigested propaganda served straight from the campaign bubble At the center of it all stands Donald J Trump leading a historic revolt against his own party bloviating and farting his way through the campaign saying outrageous things acting like Hitler one minute and Andrew Dice Clay the next For Taibbi the stunning rise of Trump marks the apotheosis of the new

postfactual movement Taibbi frames the reporting with original essays that explore the seismic shift in how we perceive our national institutions the democratic process and the future of the country Insane Clown President is not just a postmortem on the collapse and failure of American democracy It offers the riveting surreal unique and essential experience of seeing the future in hindsight Scathing What keeps the pages turning in this so freshly familiar story line is the vivid observation and original turns of phrase San Francisco Chronicle Relentless Luis A. Miranda Jr.,2024-05-07 Laugh out loud funny utterly charming deeply compelling and powerfully motivational Luis A Miranda Jr s personal and political memoir reveals a deep understanding of Latino culture and how to build community to change our world for the better Ana Navarro A veteran of New York and national politics Luis Miranda embodies the relentless spirit of progress of American immigrant In Relentless he shares his experience passion and storytelling charm to tell the story of a fascinating life and career from his early days as a radically minded Puerto Rican activist to his decades of political advice and problem solving Miranda recounts the thrill of the ascendancy of Hamilton created by his son Lin Manuel and he details the suffering after the devastation of Puerto Rico by Hurricane Maria Amid the triumphs and challenges Miranda examines what his experience reveals about our ever changing politics demographics and society **Jesse Ventura's Marijuana Manifesto** Jesse Ventura,2016-09-06 New York Times Bestselling Author In this groundbreaking book for the first time in paperback and fully updated with all the latest legal information outspoken freethinker Jesse Ventura lays out his philosophy Now more than ever before our country needs full legalization of medical recreational marijuana and hemp Seemingly with every day that goes by we find out more positive things about marijuana a medicinal plant in abundant supply yet legalization finds stronger resistance from government agencies and big business Find out why the US government patented CBD and what Big Pharma companies have exclusive rights to create marijuana medication and why the DEA can t be trusted Jesse Ventura s Marijuana Manifesto calls for an end to the War on Drugs Legalizing marijuana will serve to rejuvenate our pathetic economy and just might make people a little happier Ventura s book will show us all how we can take our country back More celebs than ever are jumping on the Legalize bandwagon Why Because it s safe now It won t impact your career anymore But Jesse Ventura has been a solid proponent of legal cannabis for decades In Jesse Ventura s Marijuana Manifesto he lays out the good sense of legalization as well as the sheer insanity of prohibition As a proud American he pulls no punches calling out the political elite Dan Skye High Times editor in chief Ventura is ultimately quite convincing about the ineffectuality of the War on Drugs and on the contradictions and corruptions of the Drug Enforcement Administration a particular bugbear of his Michael Lindgren The Washington Post *The Politics of Private Property* Simone Knewitz,2021-04-21 Located at the intersections of law and culture The Politics of Private Property provides a fresh perspective on the functions of private property within U S cultural discourse by establishing a long historical arch from the early nineteenth to the twenty first century The study challenges the assumption of an unquestioned cultural consensus in the United States on the subject of individual property rights instead mobilizing

property as an analytical category to examine how social and political debates generate competing and contested claims to ownership. The property narratives arising out of political conflicts the book suggests serve to naturalize the unequal social and economic structures and legitimize the hegemonic order which however remains to be shifting and subject to challenges. Analyzing the property narratives at the heart of the U S American self conception *The Politics of Private Property* addresses the gap between the ideal of the U S as a universal middle class society characterized by a wide diffusion of property ownership and the actual social reality which is defined by unequal dissemination of wealth and race based structures of exclusion.

Hope for Justice and Power Kathleen Staudt, 2020-03-15 Texas based affiliates in the Industrial Areas Foundation IAF built on ideas principles and actions from the late Saul Alinsky offer a strong mature organizing model compared with other community organizations in the state and the United States as a whole. IAF affiliates members consist of institutions most of them faith based congregations and synagogues. Local volunteer leaders in those institutions work together in relationships of trust that draw strength unity and purpose from IAF principles and the social justice precepts of their different faiths. In *Hope for Justice and Power* Kathleen Staudt examines the twenty first century activities of the Texas IAF in multiple cities and towns around the state drawing on forty years of academic teaching and on twenty years of active leadership experiences in the IAF. She identifies major contradictions tensions and their resolutions in IAF organizing related to centralism versus local control reformist versus radical goals stable revenue generation greater gender balance in leadership and evolving IAF principles. The political context in modern Texas is a challenging one compared to the Texas IAF founding period in the last quarter of the twentieth century yet local IAF volunteer leaders achieve their goals with a strong political base in divergent urban regions around the state. With declining religious affiliation in U S society the Texas IAF has begun to recruit members from broad based institutions such as schools and health clinics. The hope and winnable goals that sustain IAF organizing show the importance of organized power trained volunteer leaders and relationships with public officials in between elections. With cross class alliances IAF affiliates work to foster equitable change toward a more just society. To analyze the Texas IAF Staudt draws on participant observation in El Paso statewide meetings and training on interviews and on archival documents and media coverage. This book will appeal to those interested in community based organizing and leadership Mexican American and women s politics civic capacity building in education political socialization and both Texas and urban politics.

Hold Texas, Hold the Nation Allen West, 2018-10-16 A former Congressman and the author of *We Can Overcome* presents his case for a conservative Texas. Texas is booming. In recent years the Lone Star State has experienced some of the most rapid growth in the country both in its economy and in its population. This is thanks to an influx of businesses relocating to Texas to take advantage of all its benefits. But this increase in population has also brought about a shift in the political dialogue within Texas s borders. As more people pour into Texas they bring with them liberal and socialist ideologies as they try to swing the state from red to blue. These plans for changing policies will suffocate the highly

successful capitalist state and its residents and according to Lt Col Allen West Ret allowing these liberal ideals to creep into the legislative branch will be the death of Texas In Hold Texas Hold the Nation Victory or Death West explains how the longstanding conservative capitalist policies within the state s government have allowed it to flourish over the years providing hard to ignore evidence and allowing his experience in Congress to support his argument He makes his stand asserting that Texas must hold fast to its conservative ways and resist succumbing to liberal mindsets or else cease to prosper and begin to perish Texas is a sustaining force for America truly embodying the founding principles of the nation those unalienable individual rights of life liberty and the pursuit of happiness In Texas it s Victory or Death Praise for Hold Texas Hold the Nation A must read for anyone who bleeds red white and blue Brian Kilmeade cohost Fox host The Brian Kilmeade Show New York Times bestselling author Big White Ghetto Kevin D.
