Best Recipe App:

Top 100 Windows 8.1 Apps Michael Miller, 2014 Windows 8 and 8.1 are all about the new Modern interface and new full screen Modern apps. There are more than 60,000 Modern apps in the Windows Store so how do you find the ones that are best for you? Here's where to start: Top 100 Windows 8.1 Apps by Michael Miller. As the title implies, this book points out the top 100 Modern Windows apps in ten different categories from games to social media to sports to travel. Use this book to go right to the best apps in every category and discover another couple of hundred honorable mentions worth considering too.

Best iPad Apps Peter Meyers, 2010-12-08 What really wows iPad fans is when their touchscreen does what's impossible on other gadgets: the finger painting app that turns a cross-country flight into a moving art class, the mini music studio with two dozen instruments, strong each with motion-induced warble effects, and the portable fireworks display that you sculpt by swiping. Problem is, with tens of thousands of apps available for your iPad, who knows what to download? You can try to sort through a gazillion customer reviews with a mix of 5 and 1 star ratings, but that's a head-hurting time-waster. The stakes are getting higher too: instead of freebies and 99-cent trinkets, the price of iPad apps is steadily creeping up and beyond their iPhone predecessors. Best iPad Apps guides you to the hidden treasures in the App Store's crowded aisles. Author Peter Meyers stress-tested thousands of options to put together this irresistible page-turner of a catalog. Inside these pages, you'll find apps as magical as the iPad itself. Flip through the book for app suggestions or head directly to one of several categories we've loaded up with best-of selections to help you: Get work done, Manipulate photos, Make movies, Create comics, Browse the Web better, Take notes, Outline ideas, Track your health, Explore the world. No matter how you use your iPad, Best iPad Apps will help you find the real gems among the rubble so you make the most of your glossy gadget. *Best Android Apps* Mike Hendrickson, Brian Sawyer, 2010-04-27 You can choose from thousands of apps to make your Android device do just about anything you can think of, and probably a few things you'd never imagine. There are so many Android apps available in fact that it's been difficult to find the best of the bunch until now. Best Android Apps leads you beyond the titles in Android Market's Top Paid and Top Free bins to showcase apps that will truly delight, empower, and entertain you. The authors have tested and handpicked more than 200 apps and games, each listed with a description and details highlighting the app's valuable tips and special features. Flip through the book to browse their suggestions or head directly to the category of your choice to find the best apps to use at work, on the town, at play, at home, or on the road. Discover great Android apps to help you juggle tasks, Connect with friends, Play games, Organize documents, Explore what's nearby, Get in shape, Travel the world, Find new music, Dine out, Manage your money, and much more. The Rough Guide to the Best Android Apps Rough Guides, 2012-08-02 So many apps and so little time. How do you get to the best with a minimum of fuss? The Rough Guide to the Best Android Apps solves the problem. It reveals the 400 best free and paid-for applications for smartphones and tablets in all categories.
