

Bioremediation of Petroleum Hydrocarbons in Cold Regions

The background of the cover is a photograph of a cold, coastal environment. In the foreground, there are dark, jagged rocks partially covered with patches of white snow or ice. The rocks are scattered across the lower half of the image. In the background, a calm body of water stretches to the horizon under a clear, light blue sky. The overall scene suggests a high-latitude or high-altitude environment where bioremediation might be relevant.
