Building Failures Diagnosis W H Ransom:

Building Failures W.H. Ransom, 2002-11-01 In recent years building failures and the resulting lawsuits and awards for damages have frequently been in the news The biggest headlines may have been reserved for structural failures and complete collapses but we should not forget the less newsworthy failures such as leaky roofs damp walls dropped foundations and rotted timber This book gives practical guidance on the prevention of failure by describing the nature and cause of the most common defects in buildings and then shows how they should be avoided in design and construction

Building Technology Ivor H. Seeley, 1995-11-11 Describes and examines the constructional techniques choice and use of materials and the statutory requirements for domestic buildings The text is generously supported by more than 60 pages of drawings and sketches It is aimed at first and second year students in a wide variety of disciplines *Expert*

Knowledge-based Inspection Systems Jorge de Brito, Clara Pereira, José D. Silvestre, Inês Flores-Colen, 2020-05-19 This book provides a novel approach to building pathology in current buildings Drawing on the available literature hands on experience and fieldwork inspections it presents a systematic perspective on the pathology of the building envelope The book addresses natural stone claddings adhesive ceramic tiling renders painted surfaces External Thermal Insulation Composite Systems ETICS architectural concrete surfaces windows and doors framing and claddings for pitched and flat roofs In addition to highlighting selected materials and construction elements the book proposes a global classification system for defects and their probable causes together with in situ diagnosis methods and repair techniques It also identifies the relationships between defects and causes diagnosis methods and repair techniques and the interdependence between different defects presenting these relations in the form of correlation matrices Support files with detailed information and an inspection form are also provided Selected case studies are presented to illustrate the value of a guidance system in fieldwork Given its scope the book offers a valuable guide particularly for researchers building inspectors civil engineers architects and maintenance planners

Building Maintenance Ivor H. Seeley, 1987-11-20 A comprehensive up to date and illustrated exposition of building maintenance in all its aspects to serve the needs of building surveyors and other professionals involved in this activity and building surveying and architectural students It shows the great importance of properly maintaining buildings and the advisability of providing adequate feedback to the design team All the main building defects are described and illustrated and the appropriate remedial measures examined Alterations and improvements to buildings and the specifying measurement pricing tendering and contractual procedures are all examined described and illustrated In addition the planning and financing execution and supervision of maintenance work receive full consideration *The Technology of*

Building Defects John Hinks, Geoff Cook, 2002-09-11 The Technology of Building Defects has been developed to provide a unique review of the subject Defects are considered as part of the whole building rather than in isolation General educational objectives are set out which offer the reader the opportunity of self assessment Each section is generously illustrated with

photographs and diagrams forming an accessible self contained review covering the following objectives core information exercises revision notes further reading Taken together these sections build up to offer the reader an understanding of a range of technical topics concerned with building defects This core text can be used for direct lecture material seminar and tutorial information assignment work and revision notes It is a convenient one stop resource which dispenses with the need to consult a mass of different information sources

Handbook of Domestic Ventilation Rodger Edwards, 2006-08-11 A series of studies of homes in England show that around 15% or some 3 million homes suffer problems with damp and mould largely because of poor ventilation The impact on public health and quality of life is substantial The Handbook of Domestic Ventilation is a comprehensive study of the basic science technology and practical application of effective and energy efficient ventilation strategies for dwellings Unlike other books the Handbook concentrates on a domestic context rather than looking solely at commercial applications giving a much needed insight into the requirements of ventilation for the home Basing his conclusions on both theoretical study and practical experience Rodger Edwards demonstrates the clear link between poor ventilation and poor health and tells the reader how to use good quality ventilation as a way of enhancing quality of life and as a health improvement tool

Managing Building Deterioration Syamilah Yacob, Azlan Shah Ali, Cheong Peng Au-Yong, 2021-09-20 This book

presents the results of a novel investigation into building deterioration and defects in Malaysia's public schools. It sets forth an in-depth theoretical and empirical underpinning of the maintenance management of public schools with the view to develop a building deterioration prediction model of building condition based on factors contributing to building defects for school buildings. The approach adopted is mixed method encompassing archived documentation, questionnaire survey and interview of sampled schools in Malaysia. It presents a number of useful tables, graphs and statistical analysis which are useful in understanding the factors contributing to building defects under reference. The prediction model assists the decision making of maintenance management to be more efficient with comprehensive budgeting as well as optimal maintenance and repair work. The book is of relevance to school managers, maintenance management practitioners and academics towards measuring and improving the building condition in schools.
