Psychoanalysis Bion's Sources aims to moderate his genius by showing how it was shaped by very wide influences This book will be of interest to psychoanalysts clinicians and those interested in the history of psychoanalytic ideas

Bion Nicola Abel-Hirsch,2023-04-13 Bion's life spanned key events in the twentieth century Born in India in 1897 he came to boarding school in England aged 8 and at 18 fought in the tanks in World War One He trained as a doctor between the wars and in his World War Two work for the army he was an innovator After the war he became a patient of Melanie Klein qualified as a psychoanalyst and was part of an extraordinary period in psychoanalysis of work with psychotic mechanisms in patients In the late 1950s he identified the configuration container contained as being at the heart of human development He looked outside of psychoanalysis to philosophers scientists mathematicians and even the mystical thinkers His work evolved

radically throughout the 1960s and at age 70 when many would be thinking of slowing down he emigrated to California and began to travel internationally giving lectures and supervisions across three continents After Freud Bion appears to be the most quoted psychoanalyst of our time and this book provides the opportunity even for those familiar with his work to gain insight into its sheer breadth showcased so brilliantly in this slim volume As author of *Bion 365 Quotes* Nicola Abel Hirsch's immersion in Bion's vast oeuvre has enabled a comprehensive introduction to Bion and his work Her lightness of touch whilst retaining the necessary depth makes it a joy to read Bion and his work can be somewhat enigmatic but Abel Hirsch's understanding offers the ideal introduction to the man and his work

The W.R. Bion Tradition Howard B. Levine, Giuseppe Civitarese, 2018-05-01 This book provides a clear comprehensive and sequential account of Bion's thinking his life experience and technical innovations saturated with quotes from his diaries and theoretical papers It offers clinical vignettes to illuminate salient aspects of the therapeutic encounter

Teaching Bion Meg Harris Williams, 2015-06-30 This book is one of a short series on the teaching of post Kleinian psychoanalysis with a companion volume on Teaching Meltzer

Wilfred Bion and Literary Criticism Naomi Wynter-Vincent, 2021-12-08 Wilfred Bion and Literary Criticism introduces the work of the British psychoanalyst Wilfred Bion 1897-1979 and the immense potential of his ideas for thinking about literature creative process and creative writing There is now renewed interest in Bion's work following the publication of his Complete Works but the complexities of his theory and his distinctive style can be forbidding Less well known than Freud or Lacan the work of Wilfred Bion nevertheless offers new insights for psychoanalytic literary criticism and creative writing For newer readers of his work this book offers an engaging introduction to several of Bion's key ideas including his theory of thinking the thought without a thinker the container-contained relationship alpha function alpha elements beta elements and bizarre objects K and K the Grid O and the caesura It also offers a way in to Bion's astonishing and challenging experimental work A Memoir of the Future and explores the impact of his devastating personal experiences as an officer during the First World War Each chapter of Wilfred Bion and Literary Criticism draws on one or more specific aspects of Bion's theory in relation to creative texts by Sigmund Freud Stevie Smith B S Johnson Mary Butts Jean Rhys Nicholas Royle J G Ballard and Wilfred Bion himself The first full length study to explore the potential of Bion's ideas for literary criticism Wilfred Bion and Literary Criticism introduces his complex and extensive work for a new audience in an accessible and engaging way and will be of great interest to scholars of creative writing literary criticism and psychoanalysis

Winnicott's Letter to Bion Steven H. Cooper, Christopher G. Lovett, 2025-08-22 Winnicott's Letter to Bion presents reflections on a fascinating moment in the history of psychoanalytic thinking Donald Winnicott's letter sent on October 5 1967 and conveying thoughts about two of Wilfred Bion's papers never received a response In this book international contributors elaborate on the contents of the letter overlapping and divergent projects of the two psychoanalysts and the meaning of Bion's silence The chapters consider topics including the historical context of their work their focuses on play and reverie and the question of the sensuous Winnicott's

Letter to Bion will be of great interest to psychoanalysts in practice and in training and to historians of psychoanalysis

Attention, Cooperation, Purpose Robert French, Peter Simpson, 2018-05-15 This book describes an approach based on attention that can help individuals and groups to cooperate more effectively It presents the first book length reassessment of Wilfred Bion's ideas on groups Every group has a purpose or purposes or as Bion put it every group however casual meets to do something The approach described here shows how individual group members use of attention both broad or evenly suspended and focused can promote a better understanding of purpose making it possible for them to do what they have met to do This work of attention enables group members to maintain a clear sense of their purpose and also to recognise how easily they can become distracted losing focus and dispersing their energies into activities that are off task The approach builds on the authors experience of using Bion's insights into group dynamics over twenty five years in different contexts formal and informal as group members managers leaders teachers consultants researchers family members and friends

Bion and Contemporary Psychoanalysis Giuseppe Civitarese, 2017-07-06 This book examines the importance and continued relevance of A Memoir of the Future in understanding and applying Bion's work to contemporary psychoanalysis Bion continued to innovate throughout his life but the Memoir has been largely overlooked Focusing on A Memoir of the Future is not only of deep interest in terms of the author's biography or even only in function of a better understanding of his theoretical concepts but can also be considered for all intents and purposes the final chapter of an ingenious creative enterprise While by some it was thought as the evidence of Bion's presumed senility this book challenges that perspective arguing that it represents the last challenge he issued to the psychoanalytic Establishment In each chapter the authors explore this notion that A Memoir forms an essential part of Bion's theory and that in it he establishes a new aesthetic psychoanalytic paradigm With an international list of distinguished authors this is a key book for any analysts interested in a comprehensive understanding of Bion's work

Bion in Buenos Aires Wilfred R. Bion, 2018-03-26 These newly discovered clinical seminars of Wilfred Bion which include supervisions personal case presentations and lectures on psychoanalytic theory represent his initial foray into many years of work that have inspired South American analysts for nearly a half a century The clinical and theoretical work of Bion arguably ranks rather high in the current psychoanalytic firmament as national and international conferences convene regularly to continue discussing the contemporary relevance of his work His work has served as a source of inspiration to contemporary psychoanalysts in all three regions of the International Psychoanalytical Association Ronald Britton Antonino Ferro Giuseppe Civitarese Thomas Ogden James Grotstein and Paolo Sandler just to name a few These newly discovered clinical seminars from work Bion conducted in Buenos Aires in 1968 help us to further fill out the picture of his versatile gifts In these seminars we find lectures on Bion's elaborations on his epistemological research still on going in the 1960s when he went to Buenos Aires a lecture on the Grid and its clinical relevance
