How to Build a Successful Consulting Practice Jack J. Phillips, 2010-08-10 Make Consulting Your Dream Job On Your Own Terms When you start your own consulting business you can be your own boss set your own hours and make big profits

But that only happens if you're truly prepared. Are you familiar with the biggest consulting myths? Do you know the 12 success factors for consultants? Have you ever owned your own business before? How to Build a Successful Consulting Practice has all these answers and more, distilled by consulting guru Jack Phillips from years spent researching and reviewing successful firms that are still in business today. This essential volume shows how to: Develop a bulletproof business plan; Find and keep clients for life; Build your brand with magnetic marketing strategies; Write spot-on proposals; Use the Internet as a secret weapon; Become a charismatic public speaker; Avoid financial, legal, and ethical pitfalls; Adjust to a new work life. **Creating a Successful Consulting Practice** Gary W. Randazzo, 2018-08-23 For those who are now consultants and for those who are hoping to create their own consulting practice, this book presents a practical approach to building a consulting practice. Starting with understanding the types of consulting projects and how they originate, the reader is shown how to develop networks that can play an important role in generating prospects for consulting projects. After generating leads, prospects, and finally landing a consulting project, a consultant must successfully deliver results for the client. This book will guide the reader through the steps of identifying the objective of a project, establishing the project's scope and deliverables. The reader will be shown how to ensure a successful consulting engagement by having early agreement between the consultant and the client on the process, the deliverables, the time table, and the cost of the project. The reader will be introduced to a process that will guide consultants through the steps of generating a project strategy, tactics, and execution plan, and how to present recommendations to the client. Finally, this book will provide insights and guidance on how to build a thriving practice through successful completion of individual consulting projects. The global consulting market was estimated to be 251 billion U.S. dollars in 2016 and is projected to have steady growth through 2020. There is no better time to pursue a career in consulting, and this book can help consultants provide positive outcomes for their clients. *High-value IT Consulting* Sanjiv Purba, Bob Delaney, 2003 Assess the health of your organization using Purba and Delaney's 12 keys methodology: metrics that track the value of a consulting organization's activities and investments to measure for positive impact on the client; employee and profitability; Use these along with ready-to-use forms and checklists to effectively analyze your practice in terms of client satisfaction, resource utilization, employee health and morale, average billing rate, accounts receivable, operational costs, average sales discounts, sales pipeline, engagement backlog, sales hit ratio, resource leverage, and practice risk and exposure. *Building A Successful Consulting Practice (In Action Case Study Series)* Patricia Pulliam Phillips, 2023-05-26 Consulting is one of the fastest growing occupational groups in business today. For many talented individuals around the world, starting a consulting practice offers great opportunity for income growth and job satisfaction. Yet consulting does have its unique set of challenges, including lack of professional respect from potential clients and a high business failure rate. This book, *Building a Successful Consulting Practice*, will be helpful to anyone starting down this exciting and challenging road. It presents 12 case studies that analyze the success of consulting organizations. This book focuses
