Building Our Own Home The Hard Way With Five Beer Drinkers:

Building Our Own Home the Hard Way Douglas Robert Denison, 2013-11 This book Building Our Own Home the Hard Way With Five Beer Drinkers is one of a thousand projects I designed and or built in my 57 years as a designer builder professional project manager and general superintendent My first wife and I saved up enough money to build our retirement home in a Canadian resort in British Columbia The only way we could build the house we wanted was to gather leftover materials from my large projects in Vancouver and Whistler These included high rises and a timeshare hotel I worked every weekend vacation and holiday spending approximately 4 000 hours on that house I called in my local crew as necessary my five beer drinkers as I needed them which happened when there was a lot of heavy lifting and since the house had over one hundred logs in it and I was using a chainsaw I always had someone there for safety The book s pictures show the progress during the five years the project took from start to finish Then something happens at the end of the book that takes everyone by surprise Building Our Own Home the Hard Way was not easy An amateur photographer since high school Douglas Robert Denison illustrates the stages of his retirement home with numerous photos Born 72 years ago in Portland Oregon he has contracted mostly in Canada the U S and Mexico He was in the carpenter s union was a logger and had three of his own custom home construction companies that built 104 large custom homes He designed and built six palaces in Saudi Arabia and has worked on hotels restaurants theaters and mega mansions Publisher s website <http://sbprabooks.com>
