Boost Mobile Sign In:

Introduction to Mobile Communications Tony Wakefield, Dave McNally, David Bowler, Alan Mayne, 2007-04-19 The traditionally separate Fixed Mobile and Internet sectors have been evolving recently toward a single sector offering numerous implications for those involved in technology and business. It is therefore essential for telecommunication professionals to get a keen grasp of where the industry is heading. Providing a solid foundation in the industry, *Introduction to Mobile Communications Technology Services Markets* explores the core requirements of modern mobile telecommunications from markets to technology. It explains how wireless systems work, how mobility is supported, the underlying infrastructure, and what interactions are needed among the different functional components. The book also examines how mobile communications are evolving in order to meet the changing needs of users. The information provided in the book comes primarily from the four core modules of the Certificate in Mobile Communications Distance Learning program run by the Informa Telecoms Academy in London. Designed by a highly experienced training development team, the program examines the complex and fascinating world of mobile communications. Designed to give a broad picture of mobile communications, the book provides an excellent grounding for those involved in both business and engineering, leaving them much better equipped to fulfill roles within their current or prospective companies.

The Power of Unfair Advantage John L. Nesheim, 2005-05-31 A Silicon Valley veteran and author of the bestseller *High Tech Start Up* reveals the nature of unfair advantage, that holy grail for every company, the mysterious quality that separates successful businesses from the nine out of ten that fail, and then shows how to create an unfair advantage, build it into a business plan, and use it to maximum effect. Nesheim's first book, originally self-published during Silicon Valley's wild west days in the 1990s, quickly moved from underground hit to business bestseller. He witnessed the incredible highs and lows of the Internet bubble, and he got an intimate look at why some companies weathered the storm while others went under. Now in *The Power of Unfair Advantage*, Nesheim shows you how to bring the pioneer spirit to your new enterprise, whether you are starting a new company or trying to breathe new life into an old dog. Unfair advantage is an enduring but often overlooked dynamic and a crucial aspect of any successful business endeavor. To show you how to attain unfair advantage over your competitors, he begins with a clear model: Outsource everything you are not good at, concentrate on those things that can be differentiated, and strive for a unique, consistent difference that cannot be copied. Integrating these maxims with other essential elements, he demonstrates with dozens of case studies how to orchestrate unfair advantage through marketing, sales, engineering, and operations. Unfair advantage can take many forms. Pager maker RIM rocketed to the top of the mobile wireless email market with Blackberry by employing an unfair advantage that it alone possessed: pager technology and pager infrastructure. Alternately, an unfair advantage can come from a unique relationship with a strategic alliance partner, as when Flextronics pulled Handspring out of a life-threatening crisis. *The Power of Unfair Advantage* is an essential handbook for every manager who is responsible for

introducing a new product or service and every entrepreneur and would be who plans to start a company Unfair advantage is here to stay learn how to lasso its power rise above the competition and build a flourishing long lasting business *FCC Record* United States. Federal Communications Commission,2016 The Plastic Devil Raymond Vasquez,2012-12-17 The Plastic Devil Solemn Kalisha Buckhanon,2016-05-03 Solemn Redvine is a precocious Mississippi girl who senses a nearby baby may be her half sibling the outcome of her father s mistakes with a married woman who lives in their trailer park After Solemn witnesses a man throw the baby down a community well she struggles to understand the event leaving her forever changed As Solemn finds refuge in fantasies of stardom as well as friendships with her brother s wife and a nearby girl the ill fated baby s doomed mother disappears without a trace Solemn remains trapped by connections to the missing other woman and an honest cop who suspects more to the story than others on the small local police force want to see When her father s next mistake a robbery lands Solemn in a group home for troubled girls she meets a Chicago delinquent who wants to escape There Solemn must face the truth of who she really is and what she is really made of *Kicking Off* Sarah Shephard,2016-03-10 There s a battle being fought It s raging on the sports fields in the newsrooms and behind the scenes at every major broadcaster Women in sport are fighting for equality with more vigour than ever but are they breaking down the barriers that stand in their way Sarah Shephard looks behind the headlines to see whether progress is really being made and tells the stories that can no longer be ignored It s time for women to switch their focus from the battlefield to the sports field once and for all This candid and revealing book asks the questions at the forefront of the debate about women in sport Why do the most successful female athletes earn less than their male counterparts Why do so few elite sportswomen have the profile their talent deserves Why are girls still growing up believing that sport is for boys With contributions from women involved in sport at the highest level including Chrissie Wellington Maggie Alphonsi Kelly Smith and Nicole Cooke who reveal their personal experiences of being at the top of their game *Campaigning in the Twenty-First Century* Dennis W. Johnson,Professor Emeritus of Political Management Dennis W Johnson,2011-01-31 So much has changed during the past decade in political campaigning that we can almost say it s a whole new ball game This book analyzes the way campaigns were traditionally run and the extraordinary changes that have occurred in the last decade Dennis W Johnson looks at the most sophisticated techniques of modern campaigning micro targeting online fundraising digital communication the new media and examines what has changed how those changes have dramatically transformed campaigning and what has remained fundamentally the same despite new technologies and communications Campaigns are becoming more open and free wheeling with greater involvement of activists and average voters alike But they can also become more chaotic and difficult to control Campaigning in the Twenty First Century presents daunting challenges for candidates and professional consultants as they try to get their messages out to voters Ironically the more open and robust campaigns become the greater is the need for seasoned flexible and imaginative professional consultants **The Ultimate Guide to Building an**
