Bolin, 1997-01-01 Bolin analyses biblical and extra biblical traditions and motifs in the book of Jonah and argues that the book s portrayal of the relationship between God and humanity much like those of Job and Ecclesiastes emphasizes an absolute divine sovereignty beyond human notions of mercy justice or forgiveness God is understood as free to forgive yet he still punishes and is unfettered by the constraints imposed by attributes of benevolence The only proper human response to God is fear at his power and acknowledgment of him as the source of welfare and woe High Seas Storm Information Service United States. Dixon, 2017-01-26 What does Japan s 2011 nuclear accident have in common with the 2005 flooding of New Orleans from Hurricane Katrina This thought provoking book presents a compelling account of recent and historical disasters both natural and human caused drawing out common themes and providing a holistic understanding of hazards disasters and mitigation for anyone interested in this important and topical subject Based on his on the ground experience with several major recent disasters Timothy H Dixon explores the science politics and economics behind a variety of disasters
