Signal, 2015 **Credibility Method** Myke Metzger, 2018-09-14 In *Credibility Method* learn the simple 4 step TREK Method which will show you how to increase and establish your credibility legitimacy and chances of success The book is the perfect short read for entrepreneurs or career starters looking to pump up their legitimacy improve their resume impress their audience or boss and gain massive credibility Furthermore *Credibility Method* is for anyone looking to improve their outwards presence in a professional manner to help them become an authority **Financial Technology Law and Regulation in Africa** Iwa Salami, 2024-09-30 This book comprehensively analyses financial technology law and regulation in Africa and provides domestic and regional perspectives on regulating FinTech in Africa It studies policy considerations that can assist African policymakers in facilitating a balanced regulatory approach that does not stifle financial innovation The growth of financial technology in Africa presents huge opportunities for inclusive growth on the African continent Digital finance which sits at the heart of financial technology could be key to placing Africa back on the economic recovery trajectory after the COVID 19 crisis facilitating its speed in achieving the UNSDG 2030 goals and setting the continent on course to meet its African Union Agenda 2063 This book Examines mobile financial services crowdfunding crypto assets digital currencies including central bank digital currencies decentralised finance and open banking and finance all from an African perspective Explores the status of regulation in these areas in Africa highlighting areas where regulation is lacking inadequate and in need of reform Highlights pragmatic approaches to regulation such as including the adoption of regulatory sandboxes and regulatory technology and discusses requirements for the adoption of supervisory technology in Africa Scrutinises the implications of developments in the FinTech space in Africa for international security and economic and financial stability Placing Africa in the global context the book argues for an international effort to understand the global dimensions of FinTech developments so that robust and applicable global regulatory frameworks can be applied in developing parts of the world It will provide useful insights to investors policy makers and entrepreneurs It will also be essential reading for students and researchers in the field of technology public policy regulatory policy financial policy banking and finance law *Mobile Banking Rise* Emily Johnson, AI, 2025-02-20 *Mobile Banking Rise* examines how mobile technology reshapes banking and personal finance driven by smartphone ubiquity It highlights the evolution of banking applications and remote account access noting how financial institutions must adapt to changing consumer expectations or risk becoming obsolete The book emphasizes that mobile banking isn't just an upgrade but a disruptive force granting consumers greater control while posing cybersecurity and data privacy challenges The book explores the user experience of banking apps security implications of remote access and the regulatory landscape For example increasing urbanization and a tech savvy millennial demographic have fueled the demand for mobile solutions *Mobile Banking Rise* draws from industry reports academic research and case studies to provide practical insights for financial institutions policymakers and

consumers Beginning with the core concepts of mobile banking it progresses through major themes such as user experience security and regulation It concludes by assessing emerging technologies like blockchain and AI and their potential to further transform the financial landscape Surfer ,2004 **The Great Indian Phone Book** Assa Doron,Robin Jeffrey,2013-04-02 In 2001 India had 4 million cell phone subscribers Ten years later that number had exploded to more than 750 million Over just a decade the mobile phone was transformed from a rare and unwieldy instrument to a palm sized affordable staple taken for granted by poor fishermen in Kerala and affluent entrepreneurs in Mumbai alike The Great Indian Phone Book investigates the social revolution ignited by what may be the most significant communications device in history one which has disrupted more people and relationships than the printing press wristwatch automobile or railways though it has qualities of all four In this fast paced study Assa Doron and Robin Jeffrey explore the whole ecosystem of the cheap mobile phone Blending journalistic immediacy with years of field research experience in India they portray the capitalists and bureaucrats who control the cellular infrastructure and wrestle over bandwidth rights the marketers and technicians who bring mobile phones to the masses and the often poor village bound users who adapt these addictive and sometimes troublesome devices to their daily lives Examining the challenges cell phones pose to a hierarchy bound country the authors argue that in India where caste and gender restrictions have defined power for generations the disruptive potential of mobile phones is even greater than elsewhere The Great Indian Phone Book is a rigorously researched multidimensional tale of what can happen when a powerful and readily available technology is placed in the hands of a large still predominantly poor population **The Power of Unfair Advantage** John L. Nesheim,2005-05-31 A Silicon Valley veteran and author of the bestsellerHigh Tech Start Upreveals the nature of unfair advantage that holy grail for every company the mysterious quality that separates successful businesses from the nine out of ten that fail and then shows how to create an unfair advantage build it into a business plan and use it to maximum effect Nesheim s first book originally self published during Silicon Valley s wild west days in the 1990s quickly moved from underground hit to business bestseller He witnessed the incredible highs and lows of the Internet bubble and he got an intimate look at why some companies weathered the storm while others went under Now inThe Power of Unfair Advantage Nesheim shows you how to bring the pioneer spirit to your new enterprise whether you are starting a new company or trying to breathe new life into an old dog Unfair advantage is an enduring but often overlooked dynamic and a crucial aspect of any successful business endeavor To show you how to attain unfair advantage over your competitors he begins with a clear model Outsource everything you are not good at concentrate on those things that can be differentiated and strive for a unique consistent difference that cannot be copied Integrating these maxims with other essential elements he demonstrates with dozens of case studies how to orchestrate unfair advantage through marketing sales engineering and operations Unfair advantage can take many forms Pager maker RIM rocketed to the top of the mobile wireless email market with Blackberry by employing an unfair advantage that it alone possessed pager

technology and pager infrastructure Alternately an unfair advantage can come from a unique relationship with a strategic alliance partner as when Flextronics pulled Handspring out of a life threatening crisis The Power of Unfair Advantage is an essential handbook for every manager who is responsible for introducing a new product or service and every entrepreneur and would be who plans to start a company Unfair advantage is here to stay learn how to lasso its power rise above the competition and build a flourishing long lasting business *Vibe* ,2008 **Billboard** ,2006-05-06 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends *Digital Cityscapes* Adriana de Souza e Silva,Daniel M. Sutko,2009 The convergence of smartphones GPS the Internet and social networks has given rise to a playful educational and social media known as location based and hybrid reality games The essays in this book investigate this new phenomenon and provide a broad overview of the emerging field of location aware mobile games highlighting critical social scientific and design approaches to these types of games and drawing attention to the social and cultural implications of mobile technologies in contemporary society With a comprehensive approach that includes theory design and education this edited volume is one of the first scholarly works to engage the emerging area of multi user location based mobile games and hybrid reality games It is appropriate for undergraduate and graduate courses covering mobile phone or gaming culture media history and educational technology as well as researchers and the general public
