## **Better Times Facet I Seeking Better Times:**

*Better Times - Facet I* Gary B. Boyd, 2014-05-05 Spavin Lawson enjoyed his quiet life as the leader of a team of theoretical physicist who worked for the U S Governments Temporal Ministry The quiet dedicated scientist was content with his life in Wilkes Barre Pennsylvania Together with his wife Clarissa he had a nice home and two teenaged daughters Sasha and Stephanie The experienced the epitome of the American dream Unfortunately three centuries of abuse had finally caught up with the planet The warned climate change that had been pooh poohed for more than one hundred years came crashing ashore With new sea levels and relentless hurricanes assaulting the coasts hordes of survivors were forced inland only to find that droughts had decimated the breadbasket of the world Spavin knew that the United States of the 22nd Century was not survivable His idyllic lifestyle came to an abrupt end With his family Spavin embarked upon a journey to seek better times The Lawsons journey was unlike any journey in the annals of Man

**Better Times - Facet Iii** Gary B. Boyd, 2014-07-17 Spavin Lawson kept his promise to the united human population of 32nd Century Texas City He and his wife Clarissa had gathered the brightest minds they could find and put together the Technology Development Plan The Plan was a template to build a civilization based upon ecologically sound principles Unfortunately the completion of The Plan required a population density that did not exist in the 32nd Century Cataclysmic events a millennium earlier had reduced humans to uncivilized tribes totaling fewer than ten thousand people in what was once North America Unknown to the citizens of the new city long lost humans who were struggling to survive on Mars and Luna also assisted in the development of The Plan A secret node on the Technology Development Plan was dedicated to the eventual reunification of all Humankind Spavin could not entrust the future of his progeny and the human race to chance He knew that the two hundred year plan would need a boost at the critical point of Reunification With his family and Shadow Warrior Nevlyn Bydman he used his time dilator so he could guide the completion of The Plan and ensure Humankind would find better times

*Better Times - Facet Ii* Gary B. Boyd, 2014-06-06 From 32nd Century Wyoming Spavin Lawson led a group of one thousand refugees from the bunker that housed Resurgent City in a search for better times The 22nd Century Government bunker had exceeded the design specifications of its creators thanks to the leadership of its first elected Mayor A small city had expanded and prospered inside the mountain The original population of less than two hundred souls had grown into nearly five thousand Unfortunately the ancient nuclear power plant that provided the people the power to survive had leaked radiation for generations The net effect of the radiation and the cave environment had altered the population The people had developed genetic albinism with eyes well suited to the dimly lit cave city Small in stature yet curious and adaptive the Tribe followed the tall dark haired man and his wife without question The outside world was foreign and frightening but within days the people realized that The Judges of Resurgent City had held them in a grasp of religious fervor not based on factuality or reality The journey they embarked upon was destined to lead them to the coast of Texas Spavin Lawson physicist by training

believed the coast would provide better opportunities for the otherwise doomed population He reckoned that South Texas coast would allow the petite pale people to re establish the human race on Earth That location was further from the immediate geological and environmental effects of the Yellowstone super volcano eruption that had induced a global deep freeze ten centuries earlier His greatest concerns for Humankind were the long term effects of the high radiation exposures and the lack of genetic diversity      **#Poeticjustice** Gary B. Boyd,2018-04-03 Seldom is the path to justice easy to follow or clearly marked The kidnapping of Terry Overton was prefaced by the murder of his younger brother Bentley Detective Sarah James searches for clues and a motive while the kidnappers play a nerve racking game of cat and mouse with the Overton family Terrys life is at stake and the clock is ticking      *Mirror Finish* Gary B. Boyd,2019-05-25 The city of Devaney is under assault Police chief Keck asks Detective Sarah James to quietly investigate the circumstances surrounding an automobile accident that took the life of Mayor Clairmont New mayor Kamen tries to force Chief Keck to change police practices to be more citizen friendly An unscrupulous new drug supplier is selling fentanyl and carfentanil laced drugs which is causing the deaths of Devaney young people A crazed bar assailant with a knife has the city on edge Detective James s two person department juggles the cases and tries to stay above the conflict between the chief and the mayor Sarah s focus is to protect Devaney s citizens and the integrity of Devaney Police Department      Single Best Clue Gary B. Boyd,2023-02-22 Police Chief Sarah James has questions Questions about a murdered John Doe Questions about an uptick in drug usage among Devaney s teens Questions about a major copper theft Questions about a multi fatality traffic accident Questions about the new Sheriff s agenda Questions about her future She engages her entire department in finding the single best clue that will solve each mystery except the last one She has to solve that one herself      *Humanity's Vessel* Gary B. Boyd,2020-10-12 Humanity One was built for one reason and maneuverability was not it The vessel was a massive biosphere that plowed its way through space guided by values established by humans long dead Captain Cesar s paradigms were rocked by the fact that the Innovators did not anticipate the possibility of an alien encounter Added to the Captain s burden was the fact that fifteen year old Maddie and her Generation 4 Group engaged in heresy that could spell failure for future generations and Humanity One s Mission Torn between the teachings of the Innovators and the radical behaviors of the Gen 4 teenagers the aging Captain struggled to find solutions to the dual dangers to humankind Either an attack by the aliens or the assault on tradition by the teens could lead to the extinction of humans and the Innovators offered no guidance to successfully resolve either danger

**Lifetime of Fear** Gary B. Boyd,2021-08-26 Space Train Engineers are a contrary lot The most contrary of all is Adin Bartlett Joint Commander Kevin Masters personally selects Adin and his Bountiful Express crew Conductor Bella Bok and Space Miner Shendo Spook Khoper for a historic assignment to mine microbes on a distant planet in Home s solar system The microbes are needed to replenish surface life on Home a planet whose loss of atmosphere has forced humans to burrow into tunnels for survival The adventure is fitting of true Home Heroes Only Spook a Technologist with unnatural intuitive

abilities has reservations about the assignment Adin's only complaint is that the desk Engineers thrive on theories that don't fit and ignore realities Bella is the balance for the combination of the aggressive and tentative natures of her crewmates as the space train encounters the unknown with minimal information The adventure opens the crew's minds to unbridled fears fears that far exceed their experiences as asteroid miners and exposes them to dangers outside of human understanding The crew's complementary abilities are the only things that can bring their assignment to a safe conclusion if their assignment can be completed at all

**Make Sure You're Right** Gary B. Boyd, 2021-02-05 ABOUT THE BOOK Chief Sarah James is hooked on the horns of a dilemma She must decide whether the murder of a police officer or the murder of a prominent Devaney citizen takes precedence with only one detective at her disposal Multiple suspects and an interfering Mayor complicate matters Sarah must rely upon her motto the one made famous by Davy Crockett Make sure you're right then go ahead But being right is not always easy

**Timekeeper** Gary B. Boyd, 2022-02-14 Baker Standish would rather do anything than stand in front of a history classroom full of disinterested teenagers He chose a career outside of academia His mentor Professor Bill Jamison suggested Lineal Chronology as the ideal career choice for a US History major Baker Standish was overwhelmed by his new responsibilities A Timekeeper's duties were far reaching farther than he could have ever imagined One of the hazards of the job was something HR Manager Kara Leflar called Timekeeper confusion Between the confusion and his persistent earworm Baker wondered if his career choice was a good one Against a backdrop of his own reality Baker engages in mission after mission to set the links in the chain of events that create reality in the proper order Someone is messing with the clock and it's a constant struggle to reset it
