Beyond The Oedipus Complex Super Symmetries Of The Psyche:

Beyond the Oedipus Complex Eleanor Morris Wu, 2011-03-01 the synergy of the psyche is parallel to the synergy of physical and quantum space *Beyond the Oedipus Complex* Eleanor B. Morris Wu, 1992 [The Physics of the Mind](#) Phil Mollon, 2025-10-09 The Physics of the Mind New Perspectives for Psychotherapists Healers and Seekers is aimed at psychotherapists psychoanalysts healers and anyone interested in the interface of physics and the mind Both are interesting topics even more so when combined Phil Mollon's expertise is within psychology and over his long career he came to realise the importance of physics to the field In particular the branches that place mind and consciousness in the foreground of how we might understand the universe and our place within it There is a deep organising principle operating at all levels of the universe It gives rise to life and is apparent within the human mind in dreams and creativity A key lesson from quantum physics is that consciousness and the human mind are inextricably involved in the emergence of what we can observe and experience of our matter based realm In other words the behaviour of the quantum realm is shaped by our observation of it Just as we think of space time as shaped by gravitational forces and massive bodies so we can conceptualise mind space The latter contains mathematical correlithms of thought emotion and memory whereby what is similar attracts more of the same in a manner analogous to gravity These have effects within the mind and in the wider life field For example severe and repeated childhood trauma creates the equivalent of black holes in the mind space Metaphysics posits that our matter based universe is subtended within an infinite unified field of intelligence and creativity We are contained within a vast mind The principle is that unlimited guidance and knowledge is available via meditation and intuition requiring only that we seek It is never thrust upon us This is a book filled with extraordinary ideas to dip into wherever curiosity and intuition lead It is the author's fervent wish that what is within will stimulate thought and awareness and spark continuing creative concepts concerning our place in this cosmos □□□□□□, 1998 *The Unconscious as Infinite Sets* Ignacio Matte Blanco, 2018-03-29 A systematic effort to rethink Freud's theory of the unconscious aiming to separate out the different forms of unconsciousness The logico mathematical treatment of the subject is made easy because every concept used is simple and simply explained from first principles Each renewed explanation of the facts brings the emergence of new knowledge from old material of truly great importance to the clinician and the theorist alike A highly original book that ought to be read by everyone interested in psychiatry or in Freudian psychology **Wordsworth and English Literary Pilgrimage in the Nineteenth Century** Keith Hanley, 2025-06-12 Using Wordsworth as a focal point this book describes how in the period of Romanticism and beyond the historical practice of pilgrimage became internalised figuratively and psychologically so as to represent Christian discourse in nineteenth century English literature It surveys the imaginative relocation of Jerusalem and Rome to real and present places thereby creating the nation's sacred imaginary Wordsworth is presented as central to founding a literary religious discourse on the sacred site of the Lake District Also explored are the ways in which other

Victorian writers such as Ruskin and Newman participated in that construction by their own literary pilgrimages Overall this book revises assumptions about the decline of the religious imagination in nineteenth century English literature and fundamentally reappraises the function of Romantic and Victorian representations of the sacred in forming the nation and empire

The Seminar of Jacques Lacan Jacques Lacan,1988 *The Astrological Magazine* ,1989 **Radical Philosophy** ,1982 **The Encyclopedia Americana** Alexander Hopkins McDannald,1949
