with creative eyes towards a more peaceful and equitable world Composed of essays by faculty in Catholic higher education in various fields Beneath the Roar and Tumult addresses this tension with insight into practical strategies for attending to the prophetic imagination in the classroom In the classroom educators are called on to create spaces for their students to grapple with inequalities and to dream of an actionable way forward while cultivating a more wholistic vision of academic life in solidarity with the world outside of it Beneath the Roar and Tumult offers practical guidance for fostering inclusion and belonging in college classrooms to provide a space where the prophetic imagination is embraced *Another World* William Claassen, 2007-10-15 Another World explores day to day life in a small Trappist monastery tucked away in the Ozark foothills Interweaving memoir with conversations with the monks observations of community life and relationships with other visitors Claassen provides a window into contemporary monastic life Each chapter describes a day in the monastery The reading experience is like spending time away from the world in a real community that is very human and gently inspiring Eighteen black white photos by the author further evoke the experience **The New Big Book of Christian Mysticism** Carl McColman, 2023 From beloved spiritual teacher Carl McColman comes a book about big possibility the hope of achieving authentic blissful experiential union with God He reveals the various ways Christian mysticism and contemplation have been in dynamic practice through the centuries proving inspirational for today s seekers regardless of faith tradition
