Arab Development Denied Ali Kadri, 2014-07-24 In *Arab Development Denied* Ali Kadri takes a detailed look at issues of development and political economy in the Arab world which have been dramatically highlighted by the Arab Uprisings Kadri argues that the Arab world has been subjected to a process of accumulation by encroachment wars leading to de development Kadri describes de development as the conscious strategy of eroding the resources and capacities of nation states and removing from the peoples in those states the right to control their own resources Combining Keynesian Kaleckian and Marxian theories the book uncovers the historical dynamics behind the failure of development in the Arab world and points towards policies and strategies which can overcome this legacy

Arab Development Denied Ali Kadri, 2015-03-15 *Arab Development Denied* examines how over the last three decades the Arab world has undergone a process of developmental descent or de development As a result of defeat in wars the loss of security and sovereignty and even their own class proclivity the Arab ruling classes have been transformed into fully compradorial classes that have relinquished autonomy over policy The neoliberal policies adopted since the early eighties are not developmental policies but the terms of surrender by which Arab resources human or otherwise are stifled or usurped In this book Ali Kadri attributes the Arab world's developmental failure to imperialist hegemony over oil and the rising role of financialisation which goes hand in hand with the wars of encroachment that strip the Arab world of its sovereignty and resources
