Judas Iscariot: Damned or Redeemed Carol A. Hebron, 2016-09-22 At the beginning of the 20th century Judas was characterised in film as the epitome of evil the villainous Jew Film makers cast Judas in this way because this was the Judas that audiences had come to recognize and even expect But in the following three decades film makers as a result of critical biblical study were more circumspect about accepting the alleged historicity of the Gospel accounts Carol A Hebron examines the figure of Judas across film history to show how the portrayal becomes more nuanced and more significant even to the point where Judas becomes the protagonist with a role in the film equal in importance to that of Jesus Hebron examines how in these films we begin to see a rehabilitation of the Judas character and a restoration of Judaism Hebron reveals two distinct theologies rejection and acceptance The Nazi Holocaust and the exposure of the horrors of genocide at the end of World War II influenced how Judaism Jews and Judas were to be portrayed in film Rehabilitating the Judas character and the Jews was necessary and film was deemed an appropriate medium in which to begin that process
