Building Responsive Web Applications With Ajax And Php Darie Cristian:

AJAX and PHP Cristian Darie,2006-03-10 Enhance the user experience of your PHP website using AJAX with this practical tutorial featuring detailed case studies **WordPress 2.8 Theme Design** Tessa Blakeley Silver,2009-11-30 It's easy to create powerful and professional themes for your WordPress web site when you've got this book to hand. It provides clear step by step instructions to create a robust and flexible WordPress theme along with best practices for theme development. It will take you through the ins and outs of creating sophisticated professional themes for the WordPress personal publishing platform. It reviews the best practices from development tools and setting up your WordPress sandbox through design tips and suggestions to setting up your theme's template structure, coding, markup, testing, and debugging to taking it live. The last three chapters are dedicated to additional tips, tricks, and various cookbook recipes for adding popular site enhancements to your WordPress theme designs using third party plugins. Resource description p *Deep Inside OsCommerce* Monika Mathé,Carine Bruyndoncx,Jim Ekleberry,Karly Phillips,2006-10-01 Ready to use recipes to customize and extend your e-commerce website **Beginning PHP and MySQL E-Commerce** Cristian Darie,Emilian Balanescu,2008-02-25 Beginning PHP and MySQL E-Commerce From Novice to Professional Second Edition covers every step of the design and building process involved in creating powerful extendable e-commerce web sites. Based around a real world example involving a web site selling t-shirts, you'll learn how to create and manage a product catalog, build and integrate a shopping cart, and process customer accounts and PayPal credit card transactions. With the e-commerce framework in place, authors Emilian Balanescu and Cristian Darie show you how to integrate advanced features sure to set your web site apart from the competition. You'll learn how to expand your catalog using Amazon Web Services, optimize the web site for the search engines, and take advantage of Ajax to build an even more user friendly shopping cart. Other highlights: The authors show you how to build a complex extendable e-commerce web site using sound development practices. This second edition has been updated to take advantage of a more flexible templating system and new chapters cover Ajax integration and search engine optimization. The text goes beyond basic product and customer management, showing you how to integrate product reviews, process payments using both credit cards and PayPal, and expand your web site catalog using third party services such as Amazon's affiliate program. What you'll learn: Build an extensible e-commerce web site using sound development techniques. Increase sales through proven techniques such as cross selling, upselling, and enhancing customer service offerings. Expand your product and service offerings by integrating with reseller programs such as Amazon Affiliates via XML web services. Take advantage of search engine optimization techniques to make your web site more easy to find. Who this book is for: This book was written for individuals seeking to build e-commerce web sites using the PHP language and MySQL database *Professional Search Engine Optimization with PHP* Cristian Darie,Jaimie Sirovich,2007-04-18 Maybe you're a great programmer or IT professional but marketing isn't your thing. Or perhaps you're a tech savvy search

engine marketer who wants a peek under the hood of a search engine optimized web site Search engine marketing is a field where technology and marketing are both critical and interdependent because small changes in the implementation of a web site can make you or break you in search engine rankings Furthermore the fusion of technology and marketing know how can create web site features that attract more visitors The mission of this book is to help web developers create web sites that rank well with the major search engines and to teach search engine marketers how to use technology to their advantage We assert that neither marketing nor IT can exist in a vacuum and it is essential that they not see themselves as opposing forces in an organization They must work together This book aims to educate both sides in that regard **Library 2.0 Initiatives**
