Arabian Sands The Great Classic Of Desert Literature:

Arabian Sands Wilfred Thesiger, 2008-01-02 *Arabian Sands* is Wilfred Thesiger's record of his extraordinary journey through the parched Empty Quarter of Arabia. Educated at Eton and Oxford, Thesiger was repulsed by the softness and rigidity of Western life, the machines, the calling cards, the meticulously aligned streets. In the spirit of T. E. Lawrence, he set out to explore the deserts of Arabia, traveling among peoples who had never seen a European and considered it their duty to kill Christian infidels. His now classic account is invaluable to understanding the modern Middle East.

The Arabian Desert in English Travel Writing Since 1950 Jenny Walker, 2022-12-30. Broadly, this book is about the Arabian desert as the locus of exploration by a long tradition of British travellers that includes T. E. Lawrence and Wilfred Thesiger; more specifically, it is about those who since 1950 have followed in their literary footsteps. In analysing modern works covering a land greater than the sum of its geographical parts, the discussion identifies outmoded tropes that continue to impinge upon the perception of the Middle East today while recognising that the laboured binaries of East and West, desert and sown, noble and savage, have outrun their course. Where, however, only a barren legacy of latent Orientalism may have been expected, the author finds instead a rich seam of writing that exhibits diversity of purpose and insight, contributing to contemporary discussions on travel and tourism, intercultural representation, and environmental awareness. By addressing a lack of scholarly attention towards recent additions to the genre, this study illustrates, for the benefit of students of travel literature or indeed anyone interested in Arabia, how desert writing, under the emerging configurations of globalisation, postcolonialism, and ecocriticism, acts as a microcosm of the kinds of ethical and emotional dilemmas confronting today's travel writers in the world's most extreme regions.

The Marsh Arabs Wilfred Thesiger, 2008-01-02. Five thousand years of history were here, and the pattern was still unchanged. During the years he spent among the Marsh Arabs of southern Iraq, Wilfred Thesiger came to understand, admire, and share a way of life that had endured for many centuries. Travelling from village to village by canoe, he won acceptance by dispensing medicines and treating the sick. In this account of his time there, he pays tribute to the hospitality, loyalty, courage, and endurance of the people, describes their impressive reed houses, the waterways and lakes teeming with

wildlife the herding of buffalo and hunting of wild boar moments of tragedy and moments of pure comedy all in vivid engaging detail Untouched by the modern world until recently these independent people their way of life and their surroundings suffered widespread destruction under the regime of Saddam Hussein Wilfred Thesiger's magnificent account of his time spent among them is a moving testament to their now threatened culture and the landscape they inhabit
