The Bluejacket, 1909 Bluejacket: Memoirs of a U.S. Navy Sailor AE Kirkpatrick OSC/USN., Ret., 2019-03-26

Bluejacket Memoirs of a U S Navy Sailor By AE Kirkpatrick OSC USN Ret In this fascinating memoir AE Kirkpatrick provides a glimpse into an enlisted man s career in the 70s and 80s Kirkpatrick explains the training technology and life experiences during his time with the Navy He shows the tedium and boredom a man feels as well as the trials he faces while traveling to foreign parts of the world All in all it is an upbeat tale any reader can relate to The Bluejacket's Manual Thomas J. Cutler, 2017-11-15 From the days of oars and coal fired engines to the computerized era of the 21st century The Bluejacket s Manual has been an essential part of the American Sailor s sea bag for over one hundred years serving as an introduction to the Navy for new recruits and as a reference book for Sailors of all ranks Written by a Sailor whose decades of naval service included sea duty in patrol craft destroyers cruisers and aircraft carriers as both an officer and a white hat this newest edition has been overhauled to reflect the current state of the ever evolving United States Navy and includes chapters on ships and aircraft uniforms weapons damage control communications naval customs and ceremonies security leadership pay and benefits naval missions military fundamentals and seamanship Since Lieutenant Ridley McLean wrote the first edition of this perennial classic the Navy has grown from fledgling sea power to master of the world s oceans and both technology and American culture have changed in ways probably unimaginable in his day Although The Bluejacket s Manual has necessarily evolved through more than twenty revisions to reflect those changes its original purpose has remained steadfastly on course Like its predecessors this new edition makes no attempt to be a comprehensive textbook on all things naval to do so today would require a multivolume set that would defy practicality but it continues to serve two very important purposes First it serves as a primer that introduces new recruits to their Navy and helps them make the transition from civilian to Sailor Second it serves as a handy reference that Sailors can rely on as a ready source of basic information as they continue their service whether for only one hitch or for an entire career To that end this 25th edition has been reorganized to more efficiently reflect those dual purposes with the first part of the book consisting of Chapters that provide introductions and basic explanations that Sailors new to the Navy will find most helpful and the second part consisting of Tabs that deal with specifics often mere tables that seasoned Sailors will find useful for reference purposes Also unique to this latest edition has been the creation of an accompanying website that will serve to keep the book current and provide valuable supplementary material In total this latest edition of a recognized Navy classic continues to serve today s Bluejackets and Old Salts in the traditional manner while providing a fresh approach that will be welcomed by potential recruits Navy buffs and a growing number of Bluejacket Manual collectors Hearings Before the Subcommittee on Naval Academy and Marine Corps, Committee on Naval Affairs, House of Representatives, on the Status of the U.S. Marine Corps [January 7-15] 1909 United States. Army Illustrated ,1903 The Bluejacket's Manual John McCarthy,2025-03-27 Few people read about the Philippine Insurrection in American History At the treaty ending the Spanish American War the US purchased the Philippine Islands However the Filipinos who fought alongside the Americans against the Spanish felt betrayed and declared war against the occupying American troops From the period of early 1899 through 1908 the US fought a protracted war said to have been more brutal than the fighting in the Philippines during World War II The Bluejacket s Manual deals with the experience of a young Navy sailor bound by his duty to God country and the Navy Torn between the relationships developed in the Philippines he struggles to save his body and soul during the period from 1898 to 1904 Originally fighting the Spanish then alongside the Army against the Insurrectos in the jungles of the north then facing the deadly Moros from the islands in the south the sailor works to subdue a hostile people to America s will The book is written in a manner that reflects the American patriotism and moral activism of those times balanced against Filipino aspirations Reports of Committees United States.
