

Bioremediation of Petroleum Hydrocarbons in Cold Regions

The background of the cover is a photograph of a cold, coastal environment. In the foreground, there are dark, jagged rocks partially covered in a layer of white snow or ice. The rocks are scattered across the lower half of the image. In the background, a calm body of water stretches to the horizon under a clear, light blue sky. The overall scene suggests a remote, cold region where bioremediation might be necessary.
