[Contemporary Encounters in Gender and Religion](#) Lena Gemzöe,Marja-Liisa Keinänen,Avril Maddrell,2016-11-16 The fields of gender and religious studies have often been criticized for neglecting to engage with one another and this volume responds to this dearth of interaction by placing the fields in an intimate dialogue Taking a multi disciplinary approach and drawing on feminist scholarship the book undertakes theoretical and empirical explorations of relational and co constitutive encounters of gender and religion Through varied perspectives the chapters address three interrelated themes religion as practice the relationship between religious practice and religion as prescribed by formal religious institutions and the feminization of religion in Europe

Celluloid Saviours Emily Caston,2020-05-22 In Celluloid Saviours the author analyses a corpus of US films dating from the silent era that she calls film blanc In these fantasy films a guardian spirit with extraordinary powers suspends the ordinary known laws of time and space and a main character reforms himself or herself in life changing ways The author argues that the historical pattern of film blanc relates to the rise and fall of liberal and reform thought in US politics specifically to conceptions of human nature as a tabula rasa This conception is evident both in the early feature films featuring angels such as Chaplin s The Kid and much later examples such as the 1980s box office hit Trading Places She argues that this narrative tradition runs from Hollywood s beginnings to the present day and is foreshadowed in the English ghost stories of Charles Dickens The classic era of film blanc is epitomised in the enduringly popular film It s a Wonderful Life More recent examples of narrative form analysed by Caston include The Truman Show and Eternal Sunshine of the Spotless Mind

Angels David Albert Jones,2010-03-25 What are angels Where were they first encountered Can we distinguish angels from gods fairies ghosts and aliens And why do they remain so popular This Very Short Introduction outlines some of the more prominent stories and speculations about

angels in Judaism Islam Christianity and post Christian spiritualities It reflects on the way that angels have been portrayed in art whether as young men in the Hebrew Scriptures androgynous winged creatures of the pre Raphaelites or the masculine statue of the Angel of the North It will also consider angels in films such as Wim Wenders Wings of Desire and Frank Capra s It s a Wonderful Life as well as angels in literature From the idea of the angel as a messenger through to the image of angels sent to protect and help those in need this is an examination of the implications of angels It will ask why people find the idea of angels attractive helpful or consoling and why they remain so powerful in modern culture It advances the view that reflecting on angels can teach us something about human existence and whether or not we believe that they exist in their own right the angels can still illuminate our thoughts

THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen Suzy Graf, 2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that The Skeptic Psychic could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed The Skeptic Psychic from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the

fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf
