I'm No Angel Ellen Tremper, 2006. Have you ever wondered why there are so many dumb blonde jokes always about women? Or how Ivanhoe's childhood love the flaxen Saxon Rowena morphed into Marilyn Monroe? Between that season in 1847 when readers encountered Becky Sharp playing the vengeful Clytemnestra about to plunge a dagger into Agamemnon and the sunny moment in 1932 when moviegoers watched Clark Gable plunge Jean Harlow's platinum tressed head into a rain barrel, the playing field for women and men had leveled considerably. But how did the fairy tale blonde that placid pliant girl become the tomato upstairs as Monroe styled herself in *The Seven Year Itch*? In *I'm No Angel: The Blonde in Fiction and Film* Ellen Tremper shows how at its roots the image of the blonde was remodeled by women writers in the nineteenth century and actors in the twentieth to keep pace with the changes in real women's lives. As she demonstrates through these novels and performances, fair hair and its traditional attributes: patience, pliancy, endurance and innocence suffered a deliberate alienation which both reflected and enhanced women's personal and social freedoms essential to the evolution of modernity. From fiction to film, the active desiring and sometimes difficult women who disobeyed, manipulated and thwarted their fellow characters mimicked and furthered women's growing power in the world. The author concludes with an overview of the various roles of the blonde in film from the 1960s to the present and speculates about the possible end of blond dominance. An engaging and lively read, *I'm No Angel* will appeal to a general audience interested in literary and cinematic representations of the blonde as well as to scholars in Victorian women's and film studies. *The Dark Angel: Gothic*

Elements in Shelley's Works John V. Murphy, 1975. By establishing a relationship between Shelley's works and the Gothic tradition, this study offers a new way of approaching the center of Shelley's thought. Consideration of Shelley's application of the Gothic mode as an agency for psychological analysis is preceded by a brief introduction to Gothic sensibility. **Life**
