Yeary, 2021-02-21 Modern western culture seems to find angels demons and even dragons irresistible They are the topic of many books films and television series A recent poll indicated that nearly eighty percent of people believe in such beings But they are hardly a modern invention Such creatures that go beyond time and space have been imagined for centuries The Bible itself addresses the topic with various tales of angels and demons and yes even dragons If you are intrigued about this background this book is for you It reveals how thoroughly biblical these creatures are and what they can still teach us **Angels, Demons, and the Devil** F. Lagard Smith, 2013-12 Angels demons and the devil have fascinated humankind from the dawn of time Contemporary interest in angels is especially keen as best seen in the mass marketing of angel books and angel art The world is awash with wings But is this romantic view of angels a biblically accurate depiction of these heavenly creatures What can we know about the angels How if at all do they touch our lives Despite a bizarre mixture of comedic references to a red suited bogeyman and by contrast frightening images of a cunning Satan relentlessly tempting each of us to do evil far less serious attention has been paid to demons and the devil Most likely it s because the pertinent scriptures are not always easy to discern Just when we think we have demons safely within a well defined box suddenly they come swooping at us from another direction Just when we think everything about the devil is well within our grasp suddenly that fiendish figure becomes far more elusive This challenging biblical landscape explains the unusual format of presenting what the Bible has to say about these intriguing celestial beings as if you the reader were having a one on one conversation with Michael the archangel If anyone should know everything there is to know about the subject surely it would be Michael
