

The background of the book cover is a horizontal split. The top half is a deep, textured blue, and the bottom half is a warm, textured orange. A thin, dark, textured band separates the two colors. The texture resembles a fine-grained material or a close-up of a natural surface.

ANGELS

A Very Short Introduction

OXFORD

Angels A Very Short Introduction

Robert G. Sullivan, Meriem Pagès

Angels A Very Short Introduction:

Angels David Albert Jones, 2010-03-25 What are angels Where were they first encountered Can we distinguish angels from gods fairies ghosts and aliens And why do they remain so popular This Very Short Introduction outlines some of the more prominent stories and speculations about angels in Judaism Islam Christianity and post Christian spiritualities It reflects on the way that angels have been portrayed in art whether as young men in the Hebrew Scriptures androgynous winged creatures of the pre Raphaelites or the masculine statue of the Angel of the North It will also consider angels in films such as Wim Wenders *Wings of Desire* and Frank Capra's *It's a Wonderful Life* as well as angels in literature From the idea of the angel as a messenger through to the image of angels sent to protect and help those in need this is an examination of the implications of angels It will ask why people find the idea of angels attractive helpful or consoling and why they remain so powerful in modern culture It advances the view that reflecting on angels can teach us something about human existence and whether or not we believe that they exist in their own right the angels can still illuminate our thoughts ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts

analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Angels* Kyle Gray, 2015 A beautiful introductory guide that shows you how to start working with the angels allowing their light to heal you and transform your life

Charles Dickens: A Very Short Introduction Jenny Hartley, 2019-02-15 Charles Dickens is credited with creating some of the world's best known fictional characters and is widely regarded as the greatest novelist of the Victorian age Even before reading the works of Dickens many people have met him already in some form or another His characters have such vitality that they have leapt from his pages to enjoy flourishing lives of their own The Artful Dodger Miss Havisham Scrooge Fagin Mr Micawber and many many more His portrait has been in our pockets on our ten pound notes he is a national icon indeed himself a generator of what Englishness signifies In this Very Short Introduction Jenny Hartley explores the key themes running through Dickens's corpus of works and considers how they reflect his attitudes towards the harsh realities of nineteenth century society and its institutions such as the workhouses and prisons Running alongside this is Dickens's relish of the carnivalesque if there is a prison in almost every novel there is also a theatre She considers Dickens's multiple lives and careers as magazine editor for two thirds of his working life as travel writer and journalist and his work on behalf of social causes including ragged schools and fallen women She also shows how his public readings enthralled the readers he wanted to reach but also helped to kill him Finally Hartley considers what we mean when we use the term Dickensian today and how Dickens's enduring legacy marks him out as a novelist different in kind from others ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert

authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable This book was previously published in hardback as Charles Dickens An Introduction

Theology from the Great Tradition Steven D. Cone, 2018-02-22 This textbook provides complete and comprehensive coverage of the theological tradition of Aquinas Maximus Luther Irenaeus Loneragan von Balthasar Schmemann Meyendorf and Barth Each section of this textbook explores a wide variety of questions who are we Is there a God and if so what is his nature Who is Jesus What does it mean that we live both in sin and righteousness It consists of 15 modules that are comprised of 46 chapters Each module has two parts there are systematic chapters that discuss and explain each module s topic and the final chapter of each module examines 4 to 6 primary sources that are important for each topic This textbook includes an extensive range of pedagogical features Sample tests in which each objective question has been quality tested by classroom use with a discrimination index A discussion guide for each chapter Learning objectives linked to each chapter The text includes bold faced terms boxed text sections that identify central figures and points of debate study question chapter summaries glossary

Connecting with the Angels Made Easy Kyle Gray, 2018-07-17 AN INSPIRATIONAL ANGELS BOOK FROM INTERNATIONAL SPEAKER AND BEST SELLING AUTHOR OF RAISE YOUR VIBRATION KYLE GRAY DISCOVER HOW TO BRING THE HEALING ANGELIC MESSAGES FROM HEAVEN INTO ALL AREAS OF YOUR LIFE FOR SPIRITUAL GROWTH AND POWERFUL TRANSFORMATION The hottest name in spirituality Soul Spirit Magazine Kyle Gray is one of the UK s most sought after angel experts He discovered his spiritual gift at the tender age of four and now dedicates his life to helping others tune in to their own intuitive talents In this angels book Kyle teaches readers how to connect with the angels and bring their divine loving presence into all areas of life for powerful transformations You will learn about How to connect to your own guardian angel How to see hear and feel the presence of the angels Powerful methods to communicate with angels How angels can help with anything Choirs of angels Guardian angels Sections Include PART I WHAT ARE ANGELS Angels are real The purpose of angels How angels can help Choirs of angels Guardian angels PART II WORKING WITH ANGELS Meeting your guardian angel The power of archangels Healing angels Seeing angels Hearing angels Feeling angels Building the bridge Angelic toolbox Angels are miracle workers So welcome their help and allow them to be your new role models and guides They won t have you wearing some crazy fashion accessory but they will change you They ll remove the barriers around your heart and help you align with your true self the self that loves and is loved Fears and old beliefs will prevent you from making a direct connection with your angels and are reasons why many people don t experience the angels love and support This is why I m encouraging you to let go of the old and let in the love This is why you re making room You re clearing out the challenging stuff and making room for the loving stuff You ve been called to this book for a reason Probably because you re ready to make some sort of change in your life and you d like to think there s help out there for you Well the good news is you ve come to the right place and the exciting part of it is that there s greater support than you know just waiting to help you

Take time to soak that up Love Kyle Gray Connecting with the Angels Made Easy will help you communicate with the angels boost your intuition and receive powerful guidance divine support and lifelong healing *Sex, Sects and Society* Russell Davies,2018-03-28 This book will provide an educational and entertaining read It will explain the contradictions and complexities of the Welsh national identity This book will reveal the hardships and horrors of some people s lives It will reveal how religion and superstition ebbed and flowed together *The Doctrine of Creation* Bruce Riley Ashford,Craig G. Bartholomew,2020-11-10 According to Bruce Ashford and Craig Bartholomew one of the best sources for regaining a robust biblical doctrine of creation is the recovery of Dutch neo Calvinism Tracing historical treatments and exploring theological themes Ashford and Bartholomew develop the Kuyperian tradition s rich resources on creation for systematic theology and the life of the church today *The Oxford Handbook of Biblical Monsters* Associate Professor of Biblical Studies and Academic Dean Brandon R Grafius,Brandon R. Grafius,Adjunct Instructor in New and World Religions John W Morehead,John W. Morehead,2025 The Oxford Handbook of Biblical Monsters brings together the work of world renowned scholars in Bible theology religion and cultural studies to explore the monsters that rampage through the biblical text Essays provide in depth analysis of the Ancient Near Eastern background of these creatures explore how they have continued to live on after the biblical text and discuss how they remain impactful through art and literature today The chapters not only study where monsters came from but continually focus on what they mean and how these meanings are generated These chapters work to bridge the perspectives of traditional scholarship and more postmodern ideas of monsters as cultural and rhetorical constructions There are chapters on the Ghosts of Mesopotamia Leviathan and the Giants but also on the Monstrous Jew in the Gospels and the Monstrosity of the Crucifixion They serve both as foundational pieces of research for scholars looking to familiarize themselves with monsters and discourses of monstrosity but also as creative and provocative examinations of how these monsters generate meaning While working to summarize the research that has been done on biblical monsters up to the present day this Handbook points the way forward towards new and exciting studies in unnatural creatures and the rhetoric of horror **Defending Sin** Hans Madueme,2024-05-28 The conflict between the natural sciences and Christian theology has been going on for centuries Recent advances in the fields of evolutionary biology behavioral genetics and neuroscience have intensified this conflict particularly in relation to origins the fall and sin These debates are crucial to our understanding of human sinfulness and necessarily involve the doctrine of salvation Theistic evolutionists have labored hard to resolve these tensions between science and faith but Hans Madueme argues that the majority of their proposals do injustice both to biblical teaching and to long standing doctrines held by the mainstream Christian tradition In this major contribution to the field of science and religion Madueme demonstrates that the classical notion of sin reflected in Scripture the creeds and tradition offers the most compelling and theologically coherent account of the human condition He answers pressing challenges from the physical sciences on both methodological and substantive levels Scholars pastors students and

interested lay readers will profit from interacting with the arguments presented here *Imagining the Self, Constructing the Past* Robert G. Sullivan, Meriem Pagès, 2016-09-01 *Imagining the Self Constructing the Past* celebrates the various ways in which the Middle Ages and the Renaissance are adapted recollected and represented in our own day and age Most of the chapters fit broadly into one of three categories namely the representation of the self in medieval and early modern history and literature the recollection and utilization of the past in the Middle Ages and the Renaissance and the role of the medieval and the early modern in our own society Overall the contributions to this volume bear witness to the importance of representation to our understanding of ourselves each other and our shared past
