Animals In Our Lives Human Animal Interaction In Family Community And Therapeutic Settings:

Animals in Our Lives Peggy D. McCardle, 2011 This book is the first cohesive resource presenting the research on the positive effects of animal therapies and interactions on child health and development Readers will explore current evidence on the physical and psychological benefits of animals and Human-Animal Interaction (HAI) Research: A Decade of Progress Peggy D. McCardle, Sandra McCune, James A. Griffin, 2020-05-05 *The Welfare of Animals in Animal-Assisted Interventions* Jose M. Peralta, Aubrey H. Fine, 2021-05-07 This is the first book focusing on the animal's perspective and best practices to ensure the welfare of both therapy animals and their human counterparts in animal assisted interventions Written by leading scientists it summarizes the scientific evidence available concerning the impacts on animals in these settings including companion species horses marine mammals and other animals used in therapy There has been a dramatic increase in the range of animal assisted interventions used in medical and allied health environments in recent years and the field is now entering an era with a greater interest in defining the underlying mechanisms of the human animal bond as well as the therapeutic benefits of these interactions Animal assisted interventions as with other uses of animals by humans impose a unique set of stresses on the animals which the community has only recently begun to acknowledge For the field to continue to flourish more evidence is needed to shed light on the implications for the animals and what guidelines need to be put into practice to ensure welfare With the ultimate goal of improving the impact that we have on the animals under our care the book provides a roadmap for researchers and clinicians as they attempt to safely and humanely incorporate various species of animals into therapeutic settings The authors also offer instructions and suggestions for areas that need to be studied more robustly over the next decade to continue to ensure the safe and proper use of animals in therapy sessions This is an informative thought provoking and instructive resource for practitioners and researchers in the field of medicine and clinical psychology using animal assisted interventions as well as for veterinarians and welfare scientists **Handbook on Animal-Assisted Therapy** Aubrey H Fine, 2015-05-12 In the 15 years since the first edition of Handbook on Animal Assisted Therapy published the field has changed considerably The fourth edition of the Handbook highlights advances in the field with 11 new chapters and over 40% new material In reading this book therapists will discover the benefits of incorporating animal assisted therapy AAT into their practices best practices in animal assisted intervention how to design and implement animal assisted interventions and the efficacy of AAT with different disorders and patient populations Coverage includes the use of AAT with children the elderly those receiving palliative care as well as people with chronic disorders AIDS trauma and autistic spectrum disorders Additional chapters cover techniques for working with families in juvenile and criminal justice systems and in colleges and universities Summarizes efficacy research on AAT Identifies how to design and implement animal assisted interventions Provides methods standards and guidelines for AAT Discusses AAT for children the elderly and special populations Describes AAT use in different settings Includes 11 new chapters and 40% new material *The Routledge*

International Handbook of Human-Animal Interactions and Anthrozoology Aubrey H. Fine, Megan K. Mueller, Zenithson Y. Ng, Alan M. Beck, Jose M. Peralta, 2023-09-26 This diverse global and interdisciplinary volume explores the existing research practice and ethical issues pertinent to the field of human animal interactions HAIs interventions and anthrozoology focusing on the perceived physical and mental health benefits to humans and the challenges derived from these relationships The book begins by exploring the basic theoretical principles of anthrozoology and HAI such as the evolution and history of the field the importance of language the economic costs and current perspectives to physical and mental wellbeing the origins of domestication of animals anthropomorphism and how animals fit into human societies Chapters then move onto practice covering topics such as how animals help childhood and adulthood development pet ownership disability the roles of pets for people with psychiatric disorders the links between animal and domestic abuse and then more widely into the therapeutic roles of animals animal assisted therapies interactions outside the home working animals animals in popular culture and animals in research for leisure and food Including chapters on a wide range of animals from domesticated pets to wildlife this collection examines the benefits yet also reveals the complexity and often dark side of human animal relations Interweaving accessible commentaries with revealing chapters throughout the text this collection would be of great interest to students and practitioners in the fields of mental health psychology veterinary medicine zoology biology social work history and sociology

Clinician's Guide to Treating Companion Animal Issues Lori R. Kogan, Christopher Blazina, 2018-09-14 Clinician's Guide to Treating Animal Companion Issues Addressing Human Animal Interaction is the first of its kind a groundbreaking resource for mental health professionals who want the knowledge skills and awareness to successfully work with pet owning clients The book trains clinicians across multiple disciplines to feel more comfortable and confident addressing companion related issues both when those issues are the primary reason for seeking therapy or a critical component in better understanding client needs The book uses current human animal interactions theories as a foundation to explore pet related issues utilizing behavioral cognitive behavioral family systems humanistic and contemporary psychodynamic therapeutic orientations Users will find sections on the many issues that arise during the lifespan of pet owners e g children young adults elderly as well as issues pertinent to specific populations e g men homeless ethnically diverse Additional topics include the violence link pet death and bereavement and behavioral issues As the first book to approach human animal interactions HAI from a multi theoretical perspective it helps clinicians appropriately acknowledge and incorporate relevant HAI issues within therapy to achieve goals Provides practical information for immediate use in practice Focuses on common issues relating to companion animals Addresses bereavement attachment behavior and more Includes interactive readings case studies and therapeutic exercises Contains multiple theoretical orientations behavioral cognitive behavioral family systems humanistic and psychodynamic approaches

The Oxford Handbook of Animal Studies Linda Kalof, 2017 The Oxford Handbook of Animal Studies tackles the infamous animal question how can humans rethink and reconfigure their relationships with other

animals Over the course of five sections and thirty chapters the contributors investigate issues and concepts central to understanding our current relationship with other animals and the potential for coexistence in an ecological community of living beings *Encyclopedia of Special Education, Volume 3* Cecil R. Reynolds, Kimberly J.
